

1 **5.3.7 Air Quality**

2 Because there are no current operations or activities on the non-federal parcels that would result
3 in a change to ambient air quality, the Land Exchange Proposed Action (and alternatives) would
4 not result in new effects on the federal estate. Indirect effects from the NorthMet Project
5 Proposed Action on the non-federal parcels are considered under Class I area modeling and are
6 discussed in Section 5.2.7.
