Mr. Ehling:

The FAA Headquarters FOIA Office and the Great Lakes Region received your November 25 request from you. Both requests are seeking the same records.

In the future, please send only one request when seeking records from the FAA. In this way, we avoid processing the same request.

Thank you
Joann

Dear Ms. Noonan,

Thank you for responding, and for the clarification. We were unsure which office would have the records, hence the duplicate requests. We will direct future requests solely to the Washington office to ensure that there is no duplication of effort on the part of your agency.

Sincerely,

Matt Ehling
