To: "Flaherty, Sherrie (MDH)" <[REDACTED]>, "lynn.belgea" <[REDACTED]>

Dear Ms. Belgea,

Thank you for your recent response to my Data Practices Act request of September 19, 2013. I would be interested in receiving raw data relating to radiation monitoring in Minnesota from 1953-2004.

My organization previously requested (and has posted) radiation monitoring reports from previous years:

<http://publicrecordmedia.com/minnesota-data-practices-act-minnesota-department-of-health/>

We are seeking to expand the scope of our posted data to include data and reports collected since the start of the radiation monitoring program in the state. We are hopeful that by making such data available on our site, it will be more easily accessible to the research community and interested members of the public.

Please contact me to discuss the best way to copy and deliver this data. We can also discuss the matter of fees to cover the copying cost.

Sincerely,

Matt Ehling
