Dear Ms. Belgea,

Thank you for your October 14, 2013 reply to my data practices request of September 19, 2013. I am writing today to check on the status of data responsive to Item 2 of my request:

2. Environmental monitoring reports regarding radiation levels in the state of Minnesota from 1953-2004.

On October 18, 2013 I e-mailed a response to your October 14th letter. In that e-mail, I stated my intent to obtain copies of the raw radiation monitoring data collected by your agency for the years 1953-2004, since compiled reports were apparently not produced during those years.

Please contact me at your earliest convenience to discuss a timeframe for the production of these copies, as well as to discuss fees related to copy production.

Since our last correspondence, I have checked your agency's web site, and have been able to access the Environmental Monitoring Report for 2012, which was responsive to Item 1 of my request.

Thank you for your attention to this matter.

Sincerely,

Matt Ehling
