

**CONSOLIDATED STATE PERFORMANCE REPORT:
Parts I and II**

for
STATE FORMULA GRANT PROGRAMS
under the
ELEMENTARY AND SECONDARY EDUCATION ACT
As amended in 2001

For reporting on
School Year 2012-13

MINNESOTA

PART I DUE FRIDAY, DECEMBER 20, 2013
PART II DUE FRIDAY, FEBRUARY 14, 2014

U.S. DEPARTMENT OF EDUCATION
WASHINGTON, DC 20202

INTRODUCTION

Sections 9302 and 9303 of the *Elementary and Secondary Education Act (ESEA)*, as amended in 2001 provide to States the option of applying for and reporting on multiple *ESEA* programs through a single consolidated application and report. Although a central, practical purpose of the Consolidated State Application and Report is to reduce "red tape" and burden on States, the Consolidated State Application and Report are also intended to have the important purpose of encouraging the integration of State, local, and *ESEA* programs in comprehensive planning and service delivery and enhancing the likelihood that the State will coordinate planning and service delivery across multiple State and local programs. The combined goal of all educational agencies—State, local, and Federal—is a more coherent, well-integrated educational plan that will result in improved teaching and learning. The Consolidated State Application and Report includes the following *ESEA* programs:

- o Title I, Part A – *Improving Basic Programs Operated by Local Educational Agencies*
- o Title I, Part B, Subpart 3 – *William F. Goodling Even Start Family Literacy Programs*
- o Title I, Part C – *Education of Migratory Children* (Includes the Migrant Child Count)
- o Title I, Part D – *Prevention and Intervention Programs for Children and Youth Who Are Neglected, Delinquent, or At-Risk*
- o Title II, Part A – *Improving Teacher Quality State Grants (Teacher and Principal Training and Recruiting Fund)*
- o Title III, Part A – *English Language Acquisition, Language Enhancement, and Academic Achievement Act*
- o Title IV, Part A, Subpart 1 – *Safe and Drug-Free Schools and Communities State Grants*
- o Title IV, Part A, Subpart 2 – *Safe and Drug-Free Schools and Communities National Activities (Community Service Grant Program)*
- o Title V, Part A – *Innovative Programs*
- o Title VI, Section 6111 – *Grants for State Assessments and Related Activities*
- o Title VI, Part B – *Rural Education Achievement Program*
- o Title X, Part C – *Education for Homeless Children and Youths*

The *ESEA* Consolidated State Performance Report (CSPR) for school year (SY) 2012-13 consists of two Parts, Part I and Part II.

PART I

Part I of the CSPR requests information related to the five *ESEA* Goals, established in the June 2002 Consolidated State Application, and information required for the Annual State Report to the Secretary, as described in Section 1111(h)(4) of the *ESEA*. The five *ESEA* Goals established in the June 2002 Consolidated State Application are:

- **Performance Goal 1:** By SY 2013-14, all students will reach high standards, at a minimum attaining proficiency or better in reading/language arts and mathematics.
- **Performance Goal 2:** All limited English proficient students will become proficient in English and reach high academic standards, at a minimum attaining proficiency or better in reading/language arts and mathematics.
- **Performance Goal 3:** By SY 2005-06, all students will be taught by highly qualified teachers.
- **Performance Goal 4:** All students will be educated in learning environments that are safe, drug free, and conducive to learning.
- **Performance Goal 5:** All students will graduate from high school.

Beginning with the CSPR SY 2005-06 collection, the Education of Homeless Children and Youths was added. The Migrant Child count was added for the SY 2006-07 collection.

PART II

Part II of the CSPR consists of information related to State activities and outcomes of specific *ESEA* programs. While the information requested varies from program to program, the specific information requested for this report meets the following criteria:

1. The information is needed for Department program performance plans or for other program needs.
2. The information is not available from another source, including program evaluations pending full implementation of required ED Facts submission.
3. The information will provide valid evidence of program outcomes or results.

GENERAL INSTRUCTIONS AND TIMELINES

All States that received funding on the basis of the Consolidated State Application for the SY 2012-13 must respond to this Consolidated State Performance Report (CSPR). Part I of the Report is due to the Department by Friday, **December 20, 2013**. Part II of the Report is due to the Department by Friday, **February 14, 2014**. Both Part I and Part II should reflect data from the SY 2012-13, unless otherwise noted.

The format states will use to submit the Consolidated State Performance Report has changed to an online submission starting with SY 2004-05. This online submission system is being developed through the Education Data Exchange Network (EDEN) and will make the submission process less burdensome. Please see the following section on transmittal instructions for more information on how to submit this year's Consolidated State Performance Report.

TRANSMITTAL INSTRUCTIONS

The Consolidated State Performance Report (CSPR) data will be collected online from the SEAs, using the EDEN web site. The EDEN web site will be modified to include a separate area (sub-domain) for CSPR data entry. This area will utilize EDEN formatting to the extent possible and the data will be entered in the order of the current CSPR forms. The data entry screens will include or provide access to all instructions and notes on the current CSPR forms; additionally, an effort will be made to design the screens to balance efficient data collection and reduction of visual clutter.

Initially, a state user will log onto EDEN and be provided with an option that takes him or her to the "SY 2012-13 CSPR". The main CSPR screen will allow the user to select the section of the CSPR that he or she needs to either view or enter data. After selecting a section of the CSPR, the user will be presented with a screen or set of screens where the user can input the data for that section of the CSPR. A user can only select one section of the CSPR at a time. After a state has included all available data in the designated sections of a particular CSPR Part, a lead state user will certify that Part and transmit it to the Department. Once a Part has been transmitted, ED will have access to the data. States may still make changes or additions to the transmitted data, by creating an updated version of the CSPR. Detailed instructions for transmitting the SY 2012-13 CSPR will be found on the main CSPR page of the EDEN web site (<https://EDEN.ED.GOV/EDENPortal/>).

PART I**

For reporting on
School Year 2012-13

**PART I DUE DECEMBER 20, 2012
5PM EST**

1.1 STANDARDS AND ASSESSMENT DEVELOPMENT

STANDARDS OF ASSESSMENT DEVELOPMENT

This section requests descriptions of the State's implementation of the *Elementary and Secondary Education Act, as amended (ESEA)* academic content standards, academic achievement standards and assessments to meet the requirements of Section 1111(b)(1) of ESEA.

1.1.1 Academic Content Standards

Indicate below whether your state has made or is planning to make revisions to or change the State's academic content standards in mathematics, reading/language arts or science since the State's content standards were most recently approved through ED's peer review process for State assessment systems. If yes, indicate specifically in what school year your State implemented or will implement the revisions or changes.

Response	Options
	No revisions or changes to academic content standards in mathematics, reading/language arts or science made or planned.
<u>State has revised or changed</u>	State has revised or changed its academic content standards in mathematics, reading/language arts or science or is planning to make revisions to or change its academic content standards in mathematics, reading/language arts or science. Indicate below the year these changes were or will be implemented or "Not Applicable" to indicate that changes were not made or will not be made in the subject area.

Acceptable responses are a school year (e.g., 2012-13) or Not Applicable.

	Mathematics	Reading/Language Arts	Science
Academic Content Standards	2015-16	2018-2019	2017-2018

If the responses above do not fully describe revisions or changes to your State's academic content standards, describe the revisions or changes below.

The response is limited to 1,000 characters.

Minnesota's 2003 Mathematics standards were revised in 2007. School districts were required to implement the revised math standards by the 2010-2011 school year. Minnesota has not adopted the Common Core mathematics standards at this time. The commissioner does not have authority to adopt new mathematics standards until the 2015-2016 school year. The 2007 mathematics standards will be revised in 2015-2016.
Minnesota's 2003 Language Arts standards were revised in 2010. The revised standards include all of the Common Core ELA standards plus additional content. School districts were required to implement the revised English language arts standard by the 2012-2013 school year. The 2010 English Language Arts standards will be revised in 2018-2019.
Minnesota's 2004 Science standards were revised in 2009. School districts were required to implement the revised science standards by the 2011-2012 school year. The 2009 Science standards will be revised in 2017-2018.

1.1.1.1 Academic Achievement Standards in Mathematics, Reading/Language Arts and Science

Indicate below whether your state has changed or is planning to change the State's academic achievement standards in mathematics, reading/language arts or science since the State's academic achievement standards were most recently approved through ED's peer review process for State assessment systems. If yes, indicate specifically in what school year your State implemented or will implement the changes.

As applicable, include changes to academic achievement standards based on any assessments (e.g., alternate assessments based on alternate achievement standards, alternate assessments based on modified achievement standards, native language assessments, or others) implemented to meet the assessment requirements under Section 1111(b)(3) of ESEA.

Response	Options
	No revisions or changes to academic achievement standards in mathematics, reading/language arts or science made or planned.
<u>State has revised or changed</u>	State has changed its academic achievement standards or is planning to change its academic achievement standards in mathematics, reading/language arts or science. Indicate below either the school year in which these changes were or will be implemented or "Not Applicable" to indicate that changes were not made or will not be made in the subject area.

Acceptable responses are a school year (e.g., 2012-13) or Not Applicable.

Academic Achievement Standards for	Mathematics	Reading/Language Arts	Science
Regular Assessments in Grades 3-8	2010-2011	2012-2013	2011-2012
Regular Assessments in High School	2013-2014	2012-2013	2011-2012
Alternate Assessments Based on Grade-Level Achievement Standards (if applicable)	NA	NA	NA
Alternate Assessments Based on Modified Achievement Standards (if applicable)	2013-2014	2012-2013	NA
Alternate Assessments Based on Alternate Achievement Standards	2013-2014	2012-2013	2011-2012

If the responses above do not fully describe revisions or changes to your State's academic achievement standards, describe the revisions or changes below.

The response is limited to 1,000 characters.

The state plans to revise its assessment system according to the following revision cycle identified in state statute: mathematics-grades 3 through 8 beginning in 2010-2011; and high school level beginning in 2013-14; science-grades 5, 8 and high school level beginning in 2011-2012; and language arts and reading; grades 3 through 8 and high school level beginning in 2012-2013. The state's alternate assessment based on alternate achievement standards will be revised according to this same cycle.

The alternate assessment based on modified achievement standards was operational in 2010-2011 in grades 5-8 and high school for reading and mathematics. The alternate assessment based on modified achievement standards will be aligned to the most recent revision of academic standards in 2012-2013 in grades 5-8 and high school for reading and 2013-2014 for high school in mathematics. New achievement standards for all tests were/are expected to be established in the year of implementation.

1.1.2 Assessments in Mathematics and Reading/Language Arts and Science

Indicate below whether your state has changed or is planning to change the State's academic assessments in mathematics, reading/language arts or science since the State's academic assessments were most recently approved through ED's peer review process for State assessment systems. If yes, indicate specifically in what school year your State implemented or will implement the changes.

As applicable, include any assessments (e.g., alternate assessments based on alternate achievement standards, alternate assessments based on modified achievement standards, native language assessments, or others) implemented to meet the assessment requirements under Section 1111(b)(3) of ESEA.

Response	Options
	No changes to assessments in mathematics, reading/language arts or science made or planned.
<u>State has revised or changed</u>	State has changed or is planning to change its assessments in mathematics, reading/language arts or science. Indicate below the year these changes were implemented or "Not Applicable" to indicate that changes were not made or will not be made in the subject area.

Acceptable responses are a school year (e.g., 2012-13) or Not Applicable.

Academic Assessments	Mathematics	Reading/Language Arts	Science
Regular Assessments in Grades 3-8	2010-2011	2012-2013	2011-2012
Regular Assessments in High School	2013-2014	2012-2013	2011-2012
Alternate Assessments Based on Grade-Level Achievement Standards (if applicable)	NA	NA	NA
Alternate Assessments Based on Modified Achievement Standards (if applicable)	2013-2014	2012-2013	NA
Alternate Assessments Based on Alternate Achievement Standards	2013-2014	2012-2013	2011-2012

If the responses above do not fully describe revisions or changes to your State's academic achievement standards, describe the revisions or changes below.

The response is limited to 1,000 characters.

The state plans to revise its assessment system according to the following revision cycle identified in state statute: mathematics-grades 3 through 8 beginning in 2010-2011; and high school level beginning in 2013-14; science-grades 5, 8 and high school level beginning in 2011-2012; and language arts and reading; grades 3 through 8 and high school level beginning in 2012-2013. The state's alternate assessment based on alternate achievement standards will be revised according to this same cycle.

The alternate assessment based on modified achievement standards was operational in 2010-2011 in grades 5-8 and high school for reading and mathematics. The alternate assessment based on modified achievement standards will be aligned to the most recent revision of academic standards in 2012-2013 in grades 5-8 and high school for reading and 2013-2014 for high school in mathematics. New achievement standards for all tests were/are expected to be established in the year of implementation.

1.1.3 Grants for State Assessments and Related Activities**1.1.3.1 Percentages of Funds Used for Standards and Assessment Development and Other Purposes**

For funds your State had available under *ESEA* section 6111 (Grants for State Assessments and Related Activities) during SY 2012-13, estimate what percentage of the funds your State used for the following (round to the nearest ten percent).

Purpose	Percentage (rounded to the nearest ten percent)
To pay the costs of the development of the State assessments and standards required by Section 1111(b)	20.00
To administer assessments required by Section 1111(b) or to carry out other activities described in section 6111 and other activities related to ensuring that the State's schools and local educational agencies are held accountable for the results	80.00
Comments: The response is limited to 4,000 characters.	

1.1.3.2 Uses of Funds for Purposes Other than Standards and Assessment Development

For funds your State had available under *ESEA* section 6111 (Grants for State Assessments and Related Activities) during SY 2012-13 that were used for purposes other than the costs of the development of the State assessments and standards required by section 1111(b), for what purposes did your State use the funds? (Enter "yes" for all that apply and "no" for all that do not apply).

Purpose	Used for Purpose (yes/no)
Administering assessments required by Section 1111(b)	Yes
Developing challenging State academic content and student academic achievement standards and aligned assessments in academic subjects for which standards and assessments are not required by Section 1111(b)	No
Developing or improving assessments of English language proficiency necessary to comply with Section 1111(b)(7)	Yes
Ensuring the continued validity and reliability of State assessments, and/or refining State assessments to ensure their continued alignment with the State's academic content standards and to improve the alignment of curricula and instructional materials	Yes
Developing multiple measures to increase the reliability and validity of State assessment systems	Yes
Strengthening the capacity of local educational agencies and schools to provide all students the opportunity to increase educational achievement, including carrying out professional development activities aligned with State student academic achievement standards and assessments	Yes
Expanding the range of accommodations available to students with limited English proficiency and students with disabilities (<i>IDEA</i>) to improve the rates of inclusion of such students, including professional development activities aligned with State academic achievement standards and assessments	Yes
Improving the dissemination of information on student achievement and school performance to parents and the community, including the development of information and reporting systems designed to identify best educational practices based on scientifically based research or to assist in linking records of student achievement, length of enrollment, and graduation over time	Yes
Other	No
Comments: The response is limited to 4,000 characters.	

1.2 PARTICIPATION IN STATE ASSESSMENTS

This section collects data on the participation of students in the State assessments.

Note: States are not required to report these data by the seven (7) racial/ethnic groups; instead, they are required to report these data by the major racial and ethnic groups that are identified in their Accountability Workbooks. The charts below display racial/ethnic data that has been mapped back from the major racial and ethnic groups identified in their workbooks, to the 7 racial/ethnic groups to allow for the examination of data across states.

The "Asian/Pacific Islander" row in the tables below represent either the value reported by the state to the Department of Education for the major racial and ethnic group "Asian/Pacific Islander" or an aggregation of values reported by the state for the major racial and ethnic groups "Asian" and "Native Hawaiian/Other Pacific Islander or Pacific Islander" (and "Filipino" in the case of California). When the values reported in the Asian/Pacific Islander row represent the U. S. Department of Education aggregation of other values reported by the state, the detail for "Asian" and "Native Hawaiian or Other Pacific Islander" are also included in the following rows. Disaggregated reporting for assessment participation data is done according to the provisions outlined within each state's Accountability Workbook. Accordingly, not every state uses major racial and ethnic groups which enable detail of Asian American/Pacific Islander (AAPI) populations.

1.2.1 Participation of all Students in Mathematics Assessment

In the table below, provide the number of students enrolled during the State's testing window for mathematics assessments required under Section 1111(b)(3) of ESEA (regardless of whether the students were present for a full academic year) and the number of students who participated in the mathematics assessment in accordance with ESEA. The percentage of students who were tested for mathematics will be calculated automatically.

The student group "children with disabilities (IDEA)" includes children who participated in the regular assessments with or without accommodations and alternate assessments. Do not include former students with disabilities (IDEA). Do not include students only covered under Section 504 of the Rehabilitation Act of 1973.

The student group "limited English proficient (LEP) students" includes recently arrived students who have attended schools in the United States for fewer than 12 months. Do not include former LEP students.

Student Group	# Students Enrolled	# Students Participating	Percentage of Students Participating
All students	434,297	432,311	99.54
American Indian or Alaska Native	7,629	7,522	98.60
Asian or Pacific Islander	28,189	28,115	99.74
Asian	27,933	27,859	99.74
Native Hawaiian or other Pacific Islander	256	256	100.00
Black or African American	41,103	40,626	98.84
Hispanic or Latino	32,939	32,713	99.31
White	313,439	312,410	99.67
Two or more races	10,998	10,925	99.34
Children with disabilities (IDEA)	61,752	60,872	98.57
Limited English proficient (LEP) students	32,983	32,817	99.50
Economically disadvantaged students	166,212	165,015	99.28
Migratory students	492	490	99.59
Male	222,290	221,117	99.47
Female	212,007	211,194	99.62
Comments: The response is limited to 4,000 characters.			

1.2.2 Participation of Students with Disabilities (IDEA) in Mathematics Assessment

In the table below, provide the number of children with disabilities (*IDEA*) participating during the State's testing window in mathematics assessments required under Section 1111(b)(3) of *ESEA* (regardless of whether the children were present for a full academic year) by the type of assessment. The percentage of children with disabilities (*IDEA*) who participated in the mathematics assessment for each assessment option will be calculated automatically. The total number of children with disabilities (*IDEA*) participating will also be calculated automatically.

The data provided below should include mathematics participation data from all students with disabilities as defined under the *Individuals with Disabilities Education Act(IDEA)*. Do not include former students with disabilities (*IDEA*). Do not include students only covered under Section 504 of the Rehabilitation Act of 1973.

Type of Assessment	# Children with Disabilities (<i>IDEA</i>) Participating	Percentage of Children with Disabilities (<i>IDEA</i>) Participating, Who Took the Specified Assessment
Regular Assessment without Accommodations	36,408	59.81
Regular Assessment with Accommodations	9,729	15.98
Alternate Assessment Based on Grade-Level Achievement Standards		
Alternate Assessment Based on Modified Achievement Standards	8,628	14.17
Alternate Assessment Based on Alternate Achievement Standards	6,107	10.03
Total	60,872	////////////////////////////////////
Comments: The response is limited to 4,000 characters. Minnesota does not have an alternate assessment based on grade level achievement standards.		

1.2.3 Participation of All Students in the Reading/Language Arts Assessment

This section is similar to 1.2.1 and collects data on the State's reading/language arts assessment.

Student Group	# Students Enrolled	# Students Participating	Percentage of Students Participating
All students	436,653	434,522	99.51
American Indian or Alaska Native	7,751	7,668	98.93
Asian or Pacific Islander	28,379	28,275	99.63
Asian	28,101	27,998	99.63
Native Hawaiian or other Pacific Islander	278	277	99.64
Black or African American	41,609	41,063	98.69
Hispanic or Latino	33,558	33,308	99.26
White	314,194	313,125	99.66
Two or more races	11,162	11,083	99.29
Children with disabilities (IDEA)	62,513	61,682	98.67
Limited English proficient (LEP) students	33,836	33,576	99.23
Economically disadvantaged students	168,743	167,441	99.23
Migratory students	486	483	99.38
Male	223,511	222,265	99.44
Female	213,142	212,257	99.58
Comments: The response is limited to 4,000 characters.			

1.2.3.1 Recently Arrived LEP Students Taking ELP Assessments in Lieu of Reading/Language Arts Assessments

In the table below, provide the number of recently arrived LEP students (as defined in 34 C.F.R. Part 200.6(b)(4)) included in the participation counts in 1.2.3 who took an assessment of English language proficiency in lieu of the State's reading/language arts assessment, as permitted under 34 C.F.R. Part 200.20.

Recently Arrived LEP Students	#
Recently arrived LEP students who took an assessment of English language proficiency in lieu of the State's reading/language arts assessment	703

1.2.4 Participation of Students with Disabilities (IDEA) in Reading/Language Arts Assessment

This section is similar to 1.2.2 and collects data on the State's reading/language arts assessment.

The data provided should include reading/language arts participation data from all students with disabilities as defined under the *Individuals with Disabilities Education Act (IDEA)*. Do not include former students with disabilities (*IDEA*). Do not include students only covered under Section 504 of the Rehabilitation Act of 1973.

Note: For this question only, report on students with disabilities (IDEA) who are also LEP students in the U.S. less than 12 months who took the ELP in lieu of the statewide reading/language arts assessment.

Type of Assessment	# Children with Disabilities (IDEA) Participating	Percentage of Children with Disabilities (IDEA) Participating, Who Took the Specified Assessment
Regular Assessment without Accommodations	43,542	70.59
Regular Assessment with Accommodations	3,798	6.16
Alternate Assessment Based on Grade-Level Achievement Standards		
Alternate Assessment Based on Modified Achievement Standards	8,148	13.21
Alternate Assessment Based on Alternate Achievement Standards	6,189	10.03
LEP < 12 months, took ELP	5	0.01
Total	61,682	

Comments: The response is limited to 4,000 characters. Minnesota does not have an alternate assessment based on grade level achievement standards.

1.2.5 Participation of All Students in the Science Assessment

This section is similar to 1.2.1 and collects data on the State's science assessment.

Student Group	# Students Enrolled	# Students Participating	Percentage of Students Participating
All students	178,458	177,852	99.66
American Indian or Alaska Native	2,995	2,972	99.23
Asian or Pacific Islander	11,512	11,473	99.66
Asian	11,402	11,364	99.67
Native Hawaiian or other Pacific Islander	110	109	99.09
Black or African American	15,853	15,710	99.10
Hispanic or Latino	12,708	12,640	99.46
White	131,596	131,278	99.76
Two or more races	3,794	3,779	99.60
Children with disabilities (IDEA)	24,480	24,242	99.03
Limited English proficient (LEP) students	11,347	11,290	99.50
Economically disadvantaged students	64,901	64,532	99.43
Migratory students	202	202	100.00
Male	91,427	91,083	99.62
Female	87,031	86,769	99.70

Comments: The response is limited to 4,000 characters.

1.2.6 Participation of Students with Disabilities (IDEA) in Science Assessment

This section is similar to 1.2.2 and collects data on the State's science assessment.

The data provided should include science participation results from all students with disabilities as defined under the *Individuals with Disabilities Education Act (IDEA)*. Do not include former students with disabilities (IDEA). Do not include students only covered under Section 504 of the Rehabilitation Act of 1973.

Type of Assessment	# Children with Disabilities (IDEA) Participating	Percentage of Children with Disabilities (IDEA) Participating, Who Took the Specified Assessment
Regular Assessment without Accommodations	19,114	78.85
Regular Assessment with Accommodations	2,747	11.33
Alternate Assessment Based on Grade-Level Achievement Standards		
Alternate Assessment Based on Modified Achievement Standards	0	0.00
Alternate Assessment Based on Alternate Achievement Standards	2,381	9.82
Total	24,242	

Comments: The response is limited to 4,000 characters.

1.3 STUDENT ACADEMIC ACHIEVEMENT

This section collects data on student academic achievement on the State assessments.

Note: States are not required to report these data by the seven (7) racial/ethnic groups; instead, they are required to report these data by the major racial and ethnic groups that are identified in their Accountability Workbooks. The charts below display racial/ethnic data that has been mapped back from the major racial and ethnic groups identified in their workbooks, to the 7 racial/ethnic groups to allow for the examination of data across states.

The "Asian/Pacific Islander" row in the tables below represent either the value reported by the state to the Department of Education for the major racial and ethnic group "Asian/Pacific Islander" or an aggregation of values reported by the state for the major racial and ethnic groups "Asian" and "Native Hawaiian/Other Pacific Islander or Pacific Islander" (and "Filipino" in the case of California). When the values reported in the Asian/Pacific Islander row represent the U. S. Department of Education aggregation of other values reported by the state, the detail for "Asian" and Native Hawaiian or Other Pacific Islander" are also included in the following rows. Disaggregated reporting for academic achievement data is done according to the provisions outlined within each state's Accountability Workbook. Accordingly, not every state uses major racial and ethnic groups which enable detail of Asian American/Pacific Islander (AAPI) populations.

1.3.1 Student Academic Achievement in Mathematics

In the format of the table below, provide the number of students who received a valid score on the State assessment(s) in mathematics implemented to meet the requirements of Section 1111(b) (3) of ESEA (regardless of whether the students were present for a full academic year) and for whom a proficiency level was assigned, and the number of these students who scored at or above proficient, in grades 3 through 8 and high school. The percentage of students who scored at or above proficient is calculated automatically.

The student group "children with disabilities (*IDEA*)" includes children who participated, and for whom a proficiency level was assigned in the regular assessments with or without accommodations and alternate assessments. Do not include former students with disabilities (*IDEA*). The student group "limited English proficient (LEP) students" does include recently arrived students who have attended schools in the United States for fewer than 12 months. Do not include former LEP students.

1.3.2 Student Academic Achievement in Reading/Language Arts

This section is similar to 1.3.1. The only difference is that this section collects data on the State's reading/language arts assessment, and the difference noted in the paragraph below.

The student group "limited English proficient (LEP) students" does not include recently arrived students who have attended schools in the United States for fewer than 12 months unless a state chooses to include these students. Do not include former LEP students.

1.3.3 Student Academic Achievement in Science

This section is similar to 1.3.1. The only difference is that this section collects data on the State's science assessment administered at least one in each of the following grade spans: 3 through 5, 6 through 9, and 10 through 12.

Limited English Proficient (LEP) students include recently arrived students who have attended schools in the United States for fewer than 12 months. Do not include former LEP students.

1.3.1.1 Student Academic Achievement in Mathematics - Grade 3

Grade 3	# Students Who Received a Valid Score and for Whom a Proficiency Level Was Assigned	# Students Scoring at or Above Proficient	Percentage of Students Scoring at or Above Proficient
All students	63,367	45,367	71.59
American Indian or Alaska Native	1,111	527	47.43
Asian or Pacific Islander	4,135	2,624	63.46
Asian	4,092	2,603	63.61
Native Hawaiian or other Pacific Islander	43	21	48.84
Black or African American	6,185	2,766	44.72
Hispanic or Latino	5,643	2,718	48.17
White	43,776	35,036	80.03
Two or more races	2,517	1,696	67.38
Children with disabilities (IDEA)	8,775	4,103	46.76
Limited English proficient (LEP) students	7,187	2,937	40.87
Economically disadvantaged students	26,185	14,223	54.32
Migratory students	71	32	45.07
Male	32,363	23,452	72.47
Female	31,004	21,915	70.68

Comments: The response is limited to 4,000 characters.

1.3.2.1 Student Academic Achievement in Reading/Language Arts - Grade 3

Grade 3	# Students Who Received a Valid Score and for Whom a Proficiency Level Was Assigned	# Students Scoring at or Above Proficient	Percentage of Students Scoring at or Above Proficient
All students	63,149	36,253	57.41
American Indian or Alaska Native	1,108	349	31.50
Asian or Pacific Islander	4,099	1,897	46.28
Asian	4,056	1,878	46.30
Native Hawaiian or other Pacific Islander	43	19	44.19
Black or African American	6,125	1,934	31.58
Hispanic or Latino	5,590	1,850	33.09
White	43,722	28,844	65.97
Two or more races	2,505	1,379	55.05
Children with disabilities (IDEA)	8,756	2,924	33.39
Limited English proficient (LEP) students	7,083	1,557	21.98
Economically disadvantaged students	26,039	10,091	38.75
Migratory students	68	16	23.53
Male	32,248	17,713	54.93
Female	30,901	18,540	60.00

Comments: The response is limited to 4,000 characters. Minnesota administered a new reading assessment in grades 3-8 and 10 in the 2012-13 school year.

1.3.3.1 Student Academic Achievement in Science - Grade 3

Grade 3	# Students Who Received a Valid Score and for Whom a Proficiency Level Was Assigned	# Students Scoring at or Above Proficient	Percentage of Students Scoring at or Above Proficient
All students			
American Indian or Alaska Native			
Asian or Pacific Islander			
<i>Asian</i>			
<i>Native Hawaiian or other Pacific Islander</i>			
Black or African American			
Hispanic or Latino			
White			
Two or more races			
Children with disabilities (<i>IDEA</i>)			
Limited English proficient (<i>LEP</i>) students			
Economically disadvantaged students			
Migratory students			
Male			
Female			
Comments: The response is limited to 4,000 characters. Minnesota does not assess science in grade 3.			

1.3.1.2 Student Academic Achievement in Mathematics - Grade 4

Grade 4	# Students Who Received a Valid Score and for Whom a Proficiency Level Was Assigned	# Students Scoring at or Above Proficient	Percentage of Students Scoring at or Above Proficient
All students	62,141	44,386	71.43
American Indian or Alaska Native	1,141	528	46.28
Asian or Pacific Islander	4,157	2,845	68.44
Asian	4,113	2,817	68.49
Native Hawaiian or other Pacific Islander	44	28	63.64
Black or African American	5,974	2,624	43.92
Hispanic or Latino	5,035	2,465	48.96
White	43,996	34,763	79.01
Two or more races	1,838	1,161	63.17
Children with disabilities (IDEA)	9,380	4,215	44.94
Limited English proficient (LEP) students	5,696	2,276	39.96
Economically disadvantaged students	24,950	13,618	54.58
Migratory students	80	32	40.00
Male	31,633	22,711	71.80
Female	30,508	21,675	71.05

Comments: The response is limited to 4,000 characters.

1.3.2.2 Student Academic Achievement in Reading/Language Arts - Grade 4

Grade 4	# Students Who Received a Valid Score and for Whom a Proficiency Level Was Assigned	# Students Scoring at or Above Proficient	Percentage of Students Scoring at or Above Proficient
All students	62,030	33,651	54.25
American Indian or Alaska Native	1,138	314	27.59
Asian or Pacific Islander	4,134	1,870	45.23
Asian	4,090	1,854	45.33
Native Hawaiian or other Pacific Islander	44	16	36.36
Black or African American	5,957	1,713	28.76
Hispanic or Latino	5,006	1,564	31.24
White	43,955	27,321	62.16
Two or more races	1,840	869	47.23
Children with disabilities (IDEA)	9,387	2,870	30.57
Limited English proficient (LEP) students	5,629	970	17.23
Economically disadvantaged students	24,890	8,924	35.85
Migratory students	80	14	17.50
Male	31,567	16,051	50.85
Female	30,463	17,600	57.78

Comments: The response is limited to 4,000 characters. Minnesota administered a new reading assessment in grades 3-8 and 10 in the 2012-13 school year.

1.3.3.2 Student Academic Achievement in Science - Grade 4

Grade 4	# Students Who Received a Valid Score and for Whom a Proficiency Level Was Assigned	# Students Scoring at or Above Proficient	Percentage of Students Scoring at or Above Proficient
All students			
American Indian or Alaska Native			
Asian or Pacific Islander			
Asian			
Native Hawaiian or other Pacific Islander			
Black or African American			
Hispanic or Latino			
White			
Two or more races			
Children with disabilities (<i>IDEA</i>)			
Limited English proficient (LEP) students			
Economically disadvantaged students			
Migratory students			
Male			
Female			
Comments: The response is limited to 4,000 characters. Minnesota does not assess science in grade 4.			

1.3.1.3 Student Academic Achievement in Mathematics - Grade 5

Grade 5	# Students Who Received a Valid Score and for Whom a Proficiency Level Was Assigned	# Students Scoring at or Above Proficient	Percentage of Students Scoring at or Above Proficient
All students	60,942	36,092	59.22
American Indian or Alaska Native	1,161	379	32.64
Asian or Pacific Islander	4,113	2,415	58.72
<i>Asian</i>	4,073	2,394	58.78
<i>Native Hawaiian or other Pacific Islander</i>	40	21	52.50
Black or African American	6,025	1,828	30.34
Hispanic or Latino	4,953	1,775	35.84
White	43,243	28,984	67.03
Two or more races	1,447	711	49.14
Children with disabilities (<i>IDEA</i>)	9,248	3,048	32.96
Limited English proficient (LEP) students	5,479	1,389	25.35
Economically disadvantaged students	24,601	9,956	40.47
Migratory students	80	24	30.00
Male	31,348	18,677	59.58
Female	29,594	17,415	58.85

Comments: The response is limited to 4,000 characters.

1.3.2.3 Student Academic Achievement in Reading/Language Arts - Grade 5

Grade 5	# Students Who Received a Valid Score and for Whom a Proficiency Level Was Assigned	# Students Scoring at or Above Proficient	Percentage of Students Scoring at or Above Proficient
All students	60,848	38,445	63.18
American Indian or Alaska Native	1,165	468	40.17
Asian or Pacific Islander	4,094	2,135	52.15
<i>Asian</i>	4,054	2,117	52.22
<i>Native Hawaiian or other Pacific Islander</i>	40	18	45.00
Black or African American	6,004	2,227	37.09
Hispanic or Latino	4,926	1,927	39.12
White	43,218	30,858	71.40
Two or more races	1,441	830	57.60
Children with disabilities (<i>IDEA</i>)	9,251	3,458	37.38
Limited English proficient (LEP) students	5,411	1,113	20.57
Economically disadvantaged students	24,540	10,939	44.58
Migratory students	80	28	35.00
Male	31,291	18,758	59.95
Female	29,557	19,687	66.61

Comments: The response is limited to 4,000 characters. Minnesota administered a new reading assessment in grades 3-8 and 10 in the 2012-13 school year.

1.3.3.3 Student Academic Achievement in Science - Grade 5

Grade 5	# Students Who Received a Valid Score and for Whom a Proficiency Level Was Assigned	# Students Scoring at or Above Proficient	Percentage of Students Scoring at or Above Proficient
All students	60,744	36,372	59.88
American Indian or Alaska Native	1,153	365	31.66
Asian or Pacific Islander	4,116	1,953	47.45
Asian	4,078	1,935	47.45
Native Hawaiian or other Pacific Islander	38	18	47.37
Black or African American	6,035	1,663	27.56
Hispanic or Latino	4,948	1,635	33.04
White	43,054	30,007	69.70
Two or more races	1,438	749	52.09
Children with disabilities (<i>IDEA</i>)	9,225	3,398	36.83
Limited English proficient (LEP) students	5,541	912	16.46
Economically disadvantaged students	24,515	9,767	39.84
Migratory students	82	26	31.71
Male	31,228	19,352	61.97
Female	29,516	17,020	57.66

Comments: The response is limited to 4,000 characters.

1.3.1.4 Student Academic Achievement in Mathematics - Grade 6

Grade 6	# Students Who Received a Valid Score and for Whom a Proficiency Level Was Assigned	# Students Scoring at or Above Proficient	Percentage of Students Scoring at or Above Proficient
All students	62,012	34,741	56.02
American Indian or Alaska Native	1,130	320	28.32
Asian or Pacific Islander	4,025	2,158	53.61
<i>Asian</i>	3,987	2,144	53.77
<i>Native Hawaiian or other Pacific Islander</i>	38	14	36.84
Black or African American	6,079	1,632	26.85
Hispanic or Latino	4,866	1,456	29.92
White	44,416	28,478	64.12
Two or more races	1,496	697	46.59
Children with disabilities (<i>IDEA</i>)	9,070	2,567	28.30
Limited English proficient (LEP) students	4,720	824	17.46
Economically disadvantaged students	24,404	8,801	36.06
Migratory students	80	10	12.50
Male	31,742	17,754	55.93
Female	30,270	16,987	56.12

Comments: The response is limited to 4,000 characters.

1.3.2.4 Student Academic Achievement in Reading/Language Arts - Grade 6

Grade 6	# Students Who Received a Valid Score and for Whom a Proficiency Level Was Assigned	# Students Scoring at or Above Proficient	Percentage of Students Scoring at or Above Proficient
All students	61,991	36,486	58.86
American Indian or Alaska Native	1,126	410	36.41
Asian or Pacific Islander	4,011	2,082	51.91
<i>Asian</i>	3,973	2,062	51.90
<i>Native Hawaiian or other Pacific Islander</i>	38	20	52.63
Black or African American	6,065	2,099	34.61
Hispanic or Latino	4,875	1,733	35.55
White	44,417	29,405	66.20
Two or more races	1,497	757	50.57
Children with disabilities (<i>IDEA</i>)	9,088	3,089	33.99
Limited English proficient (LEP) students	4,687	828	17.67
Economically disadvantaged students	24,397	9,958	40.82
Migratory students	83	21	25.30
Male	31,731	17,540	55.28
Female	30,260	18,946	62.61

Comments: The response is limited to 4,000 characters. Minnesota administered a new reading assessment in grades 3-8 and 10 in the 2012-13 school year.

1.3.3.4 Student Academic Achievement in Science - Grade 6

Grade 6	# Students Who Received a Valid Score and for Whom a Proficiency Level Was Assigned	# Students Scoring at or Above Proficient	Percentage of Students Scoring at or Above Proficient
All students			
American Indian or Alaska Native			
Asian or Pacific Islander			
Asian			
Native Hawaiian or other Pacific Islander			
Black or African American			
Hispanic or Latino			
White			
Two or more races			
Children with disabilities (<i>IDEA</i>)			
Limited English proficient (LEP) students			
Economically disadvantaged students			
Migratory students			
Male			
Female			
Comments: The response is limited to 4,000 characters. Minnesota does not assess science in grade 6.			

1.3.1.5 Student Academic Achievement in Mathematics - Grade 7

Grade 7	# Students Who Received a Valid Score and for Whom a Proficiency Level Was Assigned	# Students Scoring at or Above Proficient	Percentage of Students Scoring at or Above Proficient
All students	61,990	33,763	54.47
American Indian or Alaska Native	1,115	242	21.70
Asian or Pacific Islander	4,063	2,254	55.48
Asian	4,027	2,240	55.62
Native Hawaiian or other Pacific Islander	36	14	38.89
Black or African American	5,827	1,486	25.50
Hispanic or Latino	4,420	1,366	30.90
White	45,248	27,860	61.57
Two or more races	1,317	555	42.14
Children with disabilities (IDEA)	8,690	2,033	23.39
Limited English proficient (LEP) students	4,003	724	18.09
Economically disadvantaged students	23,558	8,084	34.32
Migratory students	62	9	14.52
Male	31,770	17,194	54.12
Female	30,220	16,569	54.83

Comments: The response is limited to 4,000 characters.

1.3.2.5 Student Academic Achievement in Reading/Language Arts - Grade 7

Grade 7	# Students Who Received a Valid Score and for Whom a Proficiency Level Was Assigned	# Students Scoring at or Above Proficient	Percentage of Students Scoring at or Above Proficient
All students	62,005	33,458	53.96
American Indian or Alaska Native	1,120	303	27.05
Asian or Pacific Islander	4,039	1,866	46.20
Asian	4,003	1,850	46.22
Native Hawaiian or other Pacific Islander	36	16	44.44
Black or African American	5,847	1,663	28.44
Hispanic or Latino	4,409	1,444	32.75
White	45,265	27,587	60.95
Two or more races	1,325	595	44.91
Children with disabilities (IDEA)	8,741	2,762	31.60
Limited English proficient (LEP) students	3,940	511	12.97
Economically disadvantaged students	23,566	8,211	34.84
Migratory students	57	8	14.04
Male	31,784	15,981	50.28
Female	30,221	17,477	57.83

Comments: The response is limited to 4,000 characters. Minnesota administered a new reading assessment in grades 3-8 and 10 in the 2012-13 school year.

1.3.3.5 Student Academic Achievement in Science - Grade 7

Grade 7	# Students Who Received a Valid Score and for Whom a Proficiency Level Was Assigned	# Students Scoring at or Above Proficient	Percentage of Students Scoring at or Above Proficient
All students			
American Indian or Alaska Native			
Asian or Pacific Islander			
Asian			
Native Hawaiian or other Pacific Islander			
Black or African American			
Hispanic or Latino			
White			
Two or more races			
Children with disabilities (IDEA)			
Limited English proficient (LEP) students			
Economically disadvantaged students			
Migratory students			
Male			
Female			
Comments: The response is limited to 4,000 characters. Minnesota does not assess science in grade 7.			

1.3.1.6 Student Academic Achievement in Mathematics - Grade 8

Grade 8	# Students Who Received a Valid Score and for Whom a Proficiency Level Was Assigned	# Students Scoring at or Above Proficient	Percentage of Students Scoring at or Above Proficient
All students	61,499	35,357	57.49
American Indian or Alaska Native	1,025	263	25.66
Asian or Pacific Islander	3,774	2,192	58.08
Asian	3,738	2,173	58.13
Native Hawaiian or other Pacific Islander	36	19	52.78
Black or African American	5,579	1,557	27.91
Hispanic or Latino	4,406	1,455	33.02
White	45,364	29,270	64.52
Two or more races	1,351	620	45.89
Children with disabilities (IDEA)	8,437	2,100	24.89
Limited English proficient (LEP) students	3,524	752	21.34
Economically disadvantaged students	22,545	8,380	37.17
Migratory students	64	14	21.88
Male	31,450	17,617	56.02
Female	30,049	17,740	59.04

Comments: The response is limited to 4,000 characters. Science and math testing windows vary from district to district across the state within a given time frame. Data indicates that 64 migrant students were present during the math window while 72 students were present during the science window.

1.3.2.6 Student Academic Achievement in Reading/Language Arts - Grade 8

Grade 8	# Students Who Received a Valid Score and for Whom a Proficiency Level Was Assigned	# Students Scoring at or Above Proficient	Percentage of Students Scoring at or Above Proficient
All students	61,577	33,162	53.85
American Indian or Alaska Native	1,038	321	30.92
Asian or Pacific Islander	3,758	1,617	43.03
Asian	3,723	1,600	42.98
Native Hawaiian or other Pacific Islander	35	17	48.57
Black or African American	5,604	1,646	29.37
Hispanic or Latino	4,426	1,428	32.26
White	45,395	27,521	60.63
Two or more races	1,356	629	46.39
Children with disabilities (IDEA)	8,514	2,433	28.58
Limited English proficient (LEP) students	3,486	375	10.76
Economically disadvantaged students	22,580	7,921	35.08
Migratory students	66	15	22.73
Male	31,481	15,581	49.49
Female	30,096	17,581	58.42

Comments: The response is limited to 4,000 characters. Minnesota administered a new reading assessment in grades 3-8 and 10 in the 2012-13 school year.

1.3.3.6 Student Academic Achievement in Science - Grade 8

Grade 8	# Students Who Received a Valid Score and for Whom a Proficiency Level Was Assigned	# Students Scoring at or Above Proficient	Percentage of Students Scoring at or Above Proficient
All students	60,975	27,000	44.28
American Indian or Alaska Native	992	182	18.35
Asian or Pacific Islander	3,774	1,304	34.55
Asian	3,738	1,293	34.59
Native Hawaiian or other Pacific Islander	36	11	30.56
Black or African American	5,544	938	16.92
Hispanic or Latino	4,377	899	20.54
White	44,974	23,224	51.64
Two or more races	1,314	453	34.47
Children with disabilities (IDEA)	8,351	1,914	22.92
Limited English proficient (LEP) students	3,576	250	6.99
Economically disadvantaged students	22,281	5,626	25.25
Migratory students	72	6	8.33
Male	31,157	14,868	47.72
Female	29,818	12,132	40.69

Comments: The response is limited to 4,000 characters. Science and math testing windows vary from district to district across the state within a given time frame. Data indicates that 64 migrant students were present during the math window while 72 students were present during the science window.

1.3.1.7 Student Academic Achievement in Mathematics - High School

High School	# Students Who Received a Valid Score and for Whom a Proficiency Level Was Assigned	# Students Scoring at or Above Proficient	Percentage of Students Scoring at or Above Proficient
All students	60,360	31,136	51.58
American Indian or Alaska Native	839	217	25.86
Asian or Pacific Islander	3,848	1,863	48.41
Asian	3,829	1,855	48.45
Native Hawaiian or other Pacific Islander	19	8	42.11
Black or African American	4,957	1,004	20.25
Hispanic or Latino	3,390	813	23.98
White	46,367	26,879	57.97
Two or more races	959	360	37.54
Children with disabilities (IDEA)	7,272	1,201	16.52
Limited English proficient (LEP) students	2,208	167	7.56
Economically disadvantaged students	18,772	5,649	30.09
Migratory students	53	5	9.43
Male	30,811	16,247	52.73
Female	29,549	14,889	50.39

Comments: The response is limited to 4,000 characters. In Minnesota, math is assessed at grade 11 for high school and high school science is assessed when the life science course is completed at any point in grades 9 through 12.

1.3.2.7 Student Academic Achievement in Reading/Language Arts - High School

High School	# Students Who Received a Valid Score and for Whom a Proficiency Level Was Assigned	# Students Scoring at or Above Proficient	Percentage of Students Scoring at or Above Proficient
All students	62,219	38,796	62.35
American Indian or Alaska Native	972	370	38.07
Asian or Pacific Islander	3,952	1,955	49.47
Asian	3,912	1,939	49.57
Native Hawaiian or other Pacific Islander	40	16	40.00
Black or African American	5,169	1,701	32.91
Hispanic or Latino	3,960	1,567	39.57
White	47,055	32,609	69.30
Two or more races	1,111	594	53.47
Children with disabilities (IDEA)	7,940	2,740	34.51
Limited English proficient (LEP) students	2,637	318	12.06
Economically disadvantaged students	20,840	8,740	41.94
Migratory students	48	13	27.08
Male	31,804	19,924	62.65
Female	30,415	18,872	62.05

Comments: The response is limited to 4,000 characters. Minnesota administered a new reading assessment in grades 3-8 and 10 in the 2012-13 school year.

1.3.3.7 Student Academic Achievement in Science - High School

High School	# Students Who Received a Valid Score and for Whom a Proficiency Level Was Assigned	# Students Scoring at or Above Proficient	Percentage of Students Scoring at or Above Proficient
All students	56,133	29,807	53.10
American Indian or Alaska Native	827	210	25.39
Asian or Pacific Islander	3,583	1,515	42.28
Asian	3,548	1,508	42.50
Native Hawaiian or other Pacific Islander	35	7	20.00
Black or African American	4,131	955	23.12
Hispanic or Latino	3,315	959	28.93
White	43,250	25,724	59.48
Two or more races	1,027	444	43.23
Children with disabilities (IDEA)	6,666	1,587	23.81
Limited English proficient (LEP) students	2,173	162	7.46
Economically disadvantaged students	17,736	5,747	32.40
Migratory students	48	14	29.17
Male	28,698	15,634	54.48
Female	27,435	14,173	51.66

Comments: The response is limited to 4,000 characters. In Minnesota, math is assessed in grade 11 for high school. However, science is assessed when the life science course is completed and can occur at any point in grades 9 through 12. Therefore, the group of students taking science assessments can vary in size from the group of students assessed in math.

1.4 SCHOOL AND DISTRICT ACCOUNTABILITY

This section collects data on the Adequate Yearly Progress (AYP) status of schools and districts.

1.4.1 All Schools and Districts Accountability

For an SEA that has not received ESEA flexibility, or an SEA that received ESEA flexibility without the optional waiver to not make AYP determinations for LEAs and schools:

In the table below, provide the total number of public elementary and secondary schools and districts in the State, including charters, and the total number of those schools and districts that made AYP based on data for SY 2012-13. The percentage that made AYP will be calculated automatically.

Entity	Total #	Total # that Made AYP in SY 2012-13	Percentage that Made AYP in SY 2012-13
Schools	2,263	1,287	56.87
Districts	531	254	47.83

Comments: The response is limited to 4,000 characters.

For an SEA with an approved ESEA flexibility request that includes the optional waiver to not make AYP determinations for LEAs and schools:

In the table below, provide the total number of public elementary and secondary schools and districts in the State, including charters, and the total number of those schools and districts that made all of their AMOs, the 95 percent participation rate, and other academic indicator³ based on data for SY 2012-13. The percentage will be calculated automatically.

Entity	Total #	Total # that Met All AMOs, 95 Percent Participation Rate, and Other Academic Indicator in SY 2012-13	Percentage that Met All AMOs, 95 Percent Participation Rate and Other Academic Indicator in SY 2012-13
Schools			
Districts			

Comments: The response is limited to 4,000 characters. Minnesota continues to provide AYP determinations for LEAs and schools.

³ For a high school, the other academic indicator is always graduation rate.

1.4.2 Title I School Accountability

For an SEA that has not received ESEA flexibility, or an SEA that received ESEA flexibility without the optional waiver to not make AYP determinations for LEAs and schools:

In the table below, provide the total number of public Title I schools by type and the total number of those schools that made AYP based on data for SY 2012-13. Include only public Title I schools. Do not include Title I programs operated by local educational agencies in private schools. The percentage that made AYP will be calculated automatically.

Title I School	# Title I Schools	# Title I Schools that Made AYP in SY 2012-13	Percentage of Title I Schools that Made AYP in SY 2012-13
All Title I schools	859	520	60.54
Schoolwide (SWP) Title I schools	320	117	36.56
Targeted assistance (TAS) Title I schools	539	403	74.77

Comments: The response is limited to 4,000 characters.

For an SEA with an approved ESEA flexibility request that includes the optional waiver to not make AYP determinations for LEAs and schools:

In the table below, provide the total number of public Title I schools by type and the total number of those schools that made all of their AMOs, the 95 percent participation rate, and the other academic indicator⁴ based on data for SY 2012-13. Include only public Title I schools. Do not include Title I programs operated by LEAs in private schools. The percentage will be calculated automatically.

Title I School	# Title I Schools	# Title I Schools that Met All AMOs, 95 Percent Participation Rate, and Other Academic Indicator in SY 2012-13	Percentage of Title I Schools that Met All AMOs, 95 Percent Participation Rate, and Other Academic Indicator in SY 2012-13
All Title I schools			
Schoolwide (SWP) Title I schools			
Targeted assistance (TAS) Title I schools			

Comments: The response is limited to 4,000 characters. Minnesota continues to provide AYP determinations for LEAs and schools.

⁴ For a high school, the other academic indicator is always graduation rate.

1.4.3 Accountability of Districts That Received Title I Funds

For an SEA that has not received ESEA flexibility, or an SEA that received ESEA flexibility without the optional waiver to not make AYP determinations for LEAs and schools:

In the table below, provide the total number of districts that received Title I funds and the total number of those districts that made AYP based on data for SY 2012-13. The percentage that made AYP will be calculated automatically.

# Districts That Received Title I Funds in SY 2012-13	# Districts That Received Title I Funds and Made AYP in SY 2012-13	Percentage of Districts That Received Title I Funds and Made AYP in SY 2012-13
452	229	50.66

Comments: The response is limited to 4,000 characters.

For an SEA with an approved ESEA flexibility request that includes the optional waiver to not make AYP determinations for LEAs and schools:

In the table below, provide the total number of districts that received Title I funds and the total number of those districts that met all of their AMOs, the 95 percent participation rate, and other academic indicator⁵ based on data for SY 2012-13. The percentage will be calculated automatically.

# Districts That Received Title I Funds in SY 2012-13	# Districts That Received Title I Funds and Met All AMOs, 95 percent Participation Rate, and Other Academic Indicator	Percentage of Districts That Received Title I Funds and Met All AMOs, 95 percent Participation Rate, and Other Academic Indicator

Comments: The response is limited to 4,000 characters. Minnesota continues to provide AYP determinations for LEAs and schools.

⁵ For a high school, the other academic indicator is always graduation rate.

1.4.4.3 Corrective Action

In the table below, for schools in corrective action, provide the number of schools for which the listed corrective actions under ESEA were implemented in SY 2012-13 (based on SY 2011-12 assessments under Section 1111 of ESEA).

Corrective Action	# of Title I Schools in Corrective Action in Which the Corrective Action was Implemented in SY 2012-13
Required implementation of a new research-based curriculum or instructional program	
Extension of the school year or school day	
Replacement of staff members, not including the principal, relevant to the school's low performance	
Significant decrease in management authority at the school level	
Replacement of the principal	
Restructuring the internal organization of the school	
Appointment of an outside expert to advise the school	
Comments: The response is limited to 4,000 characters. Under ESEA flexibility, Minnesota does not identify schools for corrective action.	

1.4.4.4 Restructuring – Year 2

In the table below, for schools in restructuring – year 2 (implementation year), provide the number of schools for which the listed restructuring actions under ESEA were implemented in SY 2012-13 (based on SY 2011-12 assessments under Section 1111 of ESEA).

Restructuring Action	# of Title I Schools in Restructuring in Which Restructuring Action Is Being Implemented
Replacement of all or most of the school staff (which may include the principal)	
Reopening the school as a public charter school	
Entering into a contract with a private entity to operate the school	
Takeover the school by the State	
Other major restructuring of the school governance	
Comments: The response is limited to 4,000 characters. Under ESEA flexibility, Minnesota does not identify schools for restructuring.	

In the space below, list specifically the "other major restructuring of the school governance" action(s) that were implemented.

The response is limited to 8,000 characters.

--

1.4.5.2 Actions Taken for Districts That Received Title I Funds and Were Identified for Improvement

In the space below, briefly describe the measures being taken to address the achievement problems of districts identified for improvement or corrective action. Include a discussion of the technical assistance provided by the State (e.g., the number of districts served, the nature and duration of assistance provided, etc.).

The response is limited to 8,000 characters.

Under ESEA flexibility, Minnesota does not identify districts for improvement.

1.4.5.3 Corrective Action

In the table below, for districts in corrective action, provide the number of districts in corrective action in which the listed corrective actions under ESEA were implemented in SY 2012-13 (based on SY 2011-12 assessments under Section 1111 of ESEA).

Corrective Action	# of Districts receiving Title I funds in Corrective Action in Which Corrective Action was Implemented in SY 2012-13
Implemented a new curriculum based on State standards	
Authorized students to transfer from district schools to higher performing schools in a neighboring district	
Deferred programmatic funds or reduced administrative funds	
Replaced district personnel who are relevant to the failure to make AYP	
Removed one or more schools from the jurisdiction of the district	
Appointed a receiver or trustee to administer the affairs of the district	
Restructured the district	
Abolished the district (list the number of districts abolished between the end of SY 2011-12 and beginning of SY 2012-13 as a corrective action)	
Comments: The response is limited to 4,000 characters. Under ESEA flexibility, Minnesota does not identify districts for corrective action.	

1.4.7 Appeal of AYP and Identification Determinations

In the table below, provide the number of districts and schools that appealed their AYP designations based on SY 2012-13 data and the results of those appeals.

Entity	# Appealed Their AYP Designations	# Appeals Resulted in a Change in the AYP Designation
Districts	0	0
Schools	0	0
Comments: The response is limited to 4,000 characters.		

In the table below, provide the data by which processing appeals based on SY 2012-13 data was complete.

Processing Appeals completion	Date
Date (MM/DD/YY) that processing appeals based on SY 2012-13 data was complete	

1.4.8 Sections 1003(a) and (g) School Improvement Funds

In the section below, "schools in improvement" refers to Title I schools identified for improvement, corrective action, or restructuring under Section 1116 of *ESEA* .

1.4.8.5 Use of Sections 1003(a) and (g) School Improvement Funds.

1.4.8.5.1 Section 1003(a) State Reservations

In the space provided, enter the percentage of the FY 2012 (SY 2012-13) Title I, Part A allocation that the SEA reserved in accordance with Section 1003(a) of *ESEA* and §200.100(a) of ED's regulations governing the reservation of funds for school improvement under Section 1003(a) of *ESEA*: 4.00 %

Comments: The response is limited to 4,000 characters. The SEA reserved 4% of the total Title I, Part A for the purpose of serving schools in accordance with *ESEA* flexibility.

1.4.8.5.2 Section 1003(a) and 1003(g) Allocations to LEAs and Schools

The data for this question are reported through ED Facts files and compiled in the EDEN012 "Section 1003(a) and 1003(g) Allocations to LEAs and Schools" report in the ED Facts Reporting System (ERS). The ED Facts files and data groups used in this report are listed in the CSPR Crosswalk. The CSPR Data Key contains more detailed information on how the data are populated into the report.

Before certifying Part I of the CSPR, a state user must run the EDEN012 report in ERS and verify that the state's data are correct. The final, certified data from this report will be made publicly available alongside the state's certified CSPR PDF.

1.4.8.5.3 Use of Section 1003(g)(8) Funds for Evaluation and Technical Assistance

Section 1003(g)(8) of ESEA allows States to reserve up to five percent of Section 1003(g) funds for administration and to meet the evaluation and technical assistance requirements for this program. In the space below, identify and describe the specific Section 1003(g) evaluation and technical assistance activities that your State conducted during SY 2012-13.

This response is limited to 8,000 characters.

Minnesota uses the state-level administration funds reserved from the School Improvement Grant (SIG) allocation to provide administration, evaluation and leadership coaching for grantees. The Division of School Support SIG staff are charged with overseeing the successful implementation of the SIG intervention models and other grant activities through ongoing monitoring of the program and timely support in evidence-based practices.

MDE SIG staff that are funded with SIG administrative funds provided direction and oversight to SIG schools. Minnesota used these funds for activities related to evaluation and technical assistance with a focus on building the capacity of these districts and schools for dramatic, sustained improvement in student outcomes.

MDE supported LEAs with continuous intervention planning and improvement. Depending on the progress against goals, leading indicators and individual school needs, MDE SIG staff provided frequent support to schools on the school turnaround process and planning for appropriate strategic interventions. There was frequent consultation with schools on teacher development as well as leader and teacher coaching. MDE SIG staff provided direct, on-site, differentiated consultation to assist SIG schools in building capacity for rapid change that will lead to a sustained improvement in student academic outcomes. MDE SIG staff also gave guidance and recommended resources for professional development of teachers in turnaround schools, based on the demographic makeup of the turnaround site. Coaching of instructional leaders and teachers was centered on building educators' capacity to meet the needs of all learners through evidence-based practices.

Examples of technical support included:

- Data retreat assistance
- Minnesota Educator Portal (secured data site) assistance
- Increased learning time resources and scheduling options
- Parent engagement resources and World Café Family Engagement Forum
- Leadership and Learning Team (PLC/PLT) resources, training and site support
- Evaluation resources

Minnesota collected data to monitor the implementation of the selected intervention model at each SIG school to allow for tracking of progress against grant goals and leading indicators as well as for the identification and dissemination of successful implementation practices and lessons learned. MDE collected data primarily in the form of the quarterly Interim Progress Report (IPR) and used the data in consultation with the schools to provide just-in-time support. MDE SIG staff conducted on-site monitoring visits and desk reviews. On-site visits are comprehensive and conducted in partnership with the school. The MDE SIG Program Monitor coordinated annual on-site monitoring visits with each SIG school and documented progress through an extensive review of documentation, group interviews held with stakeholders such as students, parents, and teachers, and multiple classroom walkthroughs made to observe student learning. Desk reviews were conducted on an as-needed basis with follow-up with schools if necessary. Desktop monitoring included a review of each SIG school's time and effort reporting to ensure compliance with OMB Circular A-87.

1.4.8.6 Actions Taken for Title I Schools Identified for Improvement Supported by Funds Other than Those of Section 1003(a) and 1003(g).

In the space below, describe actions (if any) taken by your State in SY 2012-13 that were supported by funds other than Section 1003(a) and 1003(g) funds to address the achievement problems of schools identified for improvement, corrective action, or restructuring under Section 1116 of ESEA.

The response is limited to 8,000 characters.

Created partnerships among the SEA, LEA, and other entities: MDE, through the 7 region-based Statewide System of Support model, provided a school or a district that was identified for improvement with extensive support and technical assistance in designing and implementing an improvement action plan to increase student achievement. MDE implemented a regional technical assistance framework to better assist the district with their improvement responsibilities (capacity building). This structure allows the School Support Division to promote leadership teams in a way that is efficient and sustainable. Furthermore, the technical assistance framework ensures a consistent system of support for districts and their schools, in accordance with federal expectations. Improvement plans drive the goals, policies, procedures, professional development, and teaching and learning needs at the school.

MDE School Support Division and other SEA agency staff were also available to directly support schools and districts In Need of Improvement through technical assistance requests. This included, but was not limited to, content, staff development, RtI, PBIS, Title IA, Title IIA and Title III specialists. Also, Reading Well by Third Grade was a state initiative that provided technical assistance and support for quality curriculum, instruction, and assessments as the foundation for developing comprehensive systems of support for all learners.

Continuation of On-Demand Professional Development: The School Support Division continued to create a variety of webbased videos and tutorials covering many topics for on-demand professional development. The videos and tutorials were developed to provide information to schools and districts regarding professional learning communities, teacher observation components, goal development, gifted and talented acceleration, and online staff development reporting.

1.4.9 Public School Choice and Supplemental Educational Services

This section collects data on public school choice and supplemental educational services.

1.4.9.1 Public School Choice

This section collects data on public school choice. FAQs related to the public school choice provisions are at the end of this section.

1.4.9.1.2 Public School Choice – Students

In the table below, provide the number of students who were eligible for public school choice, the number of eligible students who applied to transfer, and the number who transferred under the provisions for public school choice under Section 1116 of ESEA. The number of students who were eligible for public school choice should include:

1. All students currently enrolled in a Title I school identified for improvement, corrective action or restructuring.
2. All students who transferred in the current school year under the public school choice provisions of Section 1116, and
3. All students who previously transferred under the public school choice provisions of Section 1116 and are continuing to transfer for the current school year under Section 1116.

The number of students who applied to transfer should include:

1. All students who applied to transfer in the current school year but did not or were unable to transfer.
2. All students who transferred in the current school year under the public school choice provisions of Section 1116; and
3. All students who previously transferred under the public school choice provisions of Section 1116 and are continuing to transfer for the current school year under Section 1116.

For any of the respective student counts, States should indicate in the Comment section if the count does not include any of the categories of students discussed above.

Public School Choice	# Students
Eligible for public school choice	
Applied to transfer	
Transferred to another school under the Title I public school choice provisions	
Comments: The response is limited to 4,000 characters. Under ESEA flexibility, Minnesota does not require public school choice.	

1.4.9.1.3 Funds Spent on Public School Choice

In the table below, provide the total dollar amount spent by LEAs on transportation for public school choice under Section 1116 of ESEA.

Transportation for Public School Choice	Amount
Dollars spent by LEAs on transportation for public school choice	\$

1.4.9.1.4 Availability of Public School Choice Options

In the table below provide the number of LEAs in your State that are unable to provide public school choice to eligible students due to any of the following reasons:

1. All schools at a grade level in the LEA are in school improvement, corrective action, or restructuring.
2. LEA only has a single school at the grade level of the school at which students are eligible for public school choice.
3. LEA's schools are so remote from one another that choice is impracticable.

Unable to Provide Public School Choice	# LEAs
LEAs Unable to Provide Public School Choice	

FAQs about public school choice:

a. *How should States report data on Title I public school choice for those LEAs that have open enrollment and other choice programs?* For those LEAs that implement open enrollment or other school choice programs in addition to public school choice under Section 1116 of ESEA, the State may consider a student as having applied to transfer if the student meets the following:

- Has a "home" or "neighborhood" school (to which the student would have been assigned, in the absence of a school choice program) that receives Title I funds and has been identified, under the statute, as in need of improvement, corrective action, or restructuring; and
- Has elected to enroll, at some point since July 1, 2002 (the effective date of the Title I choice provisions), and after the home school has been identified as in need of improvement, in a school that has not been so identified and is attending that school; and
- Is using district transportation services to attend such a school.

In addition, the State may consider costs for transporting a student meeting the above conditions towards the funds spent by an LEA on transportation for public school choice if the student is using district transportation services to attend the non-identified school.

b. *How should States report on public school choice for those LEAs that are not able to offer public school choice?* In the count of LEAs that are not able to offer public school choice (for any of the reasons specified in 1.4.9.1.4), States should include those LEAs that are unable to offer public school choice at one or more grade levels. For instance, if an LEA is able to provide public school choice to eligible students at the elementary level but not at the secondary level, the State should include the LEA in the count. States should also include LEAs that are not able to provide public school choice at all (i.e., at any grade level). States should provide the reason(s) why public school choice was not possible in these LEAs at the grade level(s) in the Comment section. In addition, States may also include in the Comment section a separate count just of LEAs that are not able to offer public school choice at any grade level.

For LEAs that are not able to offer public school choice at one or more grade levels, States should count as eligible for public school choice (in 1.4.9.1.2) all students who attend identified Title I schools regardless of whether the LEA is able to offer the students public school choice.

Comments: The response is limited to 4,000 characters. Under ESEA flexibility, Minnesota does not require public school choice.

1.4.9.2 Supplemental Educational Services

This section collects data on supplemental educational services.

1.4.9.2.2 Supplemental Educational Services – Students

In the table below, provide the number of students who were eligible for, who applied for, and who received supplemental educational services under Section 1116 of ESEA.

The number of students who received supplemental educational services should include all students who were enrolled with a provider and participated in some hours of services. States and LEAs have the discretion to determine the minimum number of hours of participation needed by a student to be considered as having received services.

Supplemental Educational Services	# Students
Eligible for supplemental educational services	
Applied for supplemental educational services	
Received supplemental educational services	
Comments: The response is limited to 4,000 characters. Under ESEA flexibility, Minnesota does not require supplemental education services.	

1.4.9.2.3 Funds Spent on Supplemental Educational Services

In the table below, provide the total dollar amount spent by LEAs on supplemental educational services under Section 1116 of ESEA.

Spending on Supplemental Educational Services	Amount
Dollars spent by LEAs on supplemental educational services	\$
Comments: The response is limited to 4,000 characters. Under ESEA flexibility, Minnesota does not require supplemental education services.	

1.5 TEACHER QUALITY

This section collects data on "highly qualified" teachers as the term is defined in Section 9101(23) of ESEA.

1.5.1 Core Academic Classes Taught by Teachers Who Are Highly Qualified

In the table below, provide the number of core academic classes for the grade levels listed, the number of those core academic classes taught by teachers who are highly qualified, and the number taught by teachers who are not highly qualified. The percentage of core academic classes taught by teachers who are highly qualified and the percentage taught by teachers who are not highly qualified will be calculated automatically. Below the table are FAQs about these data.

Classes	Number of Core Academic Classes (Total)	Number of Core Academic Classes Taught by Teachers Who Are Highly Qualified	Percentage of Core Academic Classes Taught by Teachers Who Are Highly Qualified	Number of Core Academic Classes Taught by Teachers Who Are NOT Highly Qualified	Percentage of Core Academic Classes Taught by Teachers Who Are NOT Highly Qualified
All classes	95,044	92,993	97.84	2,051	2.16
All elementary classes	36,737	36,034	98.09	703	1.91
All secondary classes	58,307	56,959	97.69	1,348	2.31

Do the data in Table 1.5.1 above include classes taught by special education teachers who provide direct instruction core academic subjects?

Data table includes classes taught by special education teachers who provide direct instruction core academic subjects.	Yes
---	-----

If the answer above is no, please explain below. The response is limited to 8,000 characters.

--

Does the State count elementary classes so that a full-day self-contained classroom equals one class, or does the State use a departmentalized approach where a classroom is counted multiple times, once for each subject taught?

The response is limited to 8,000 characters.

Teacher data are collected in the form of assignments, which can cover more than on class, but not more than one subject.

FAQs about highly qualified teachers and core academic subjects:

- a. *What are the core academic subjects?* English, reading/language arts, mathematics, science, foreign languages, civics and government, economics, arts, history, and geography [Title IX, Section 9101(11)]. While the statute includes the arts in the core academic subjects, it does not specify which of the arts are core academic subjects; therefore, States must make this determination.
- b. *How is a teacher defined?* An individual who provides instruction in the core academic areas to kindergarten, grades 1 through 12, or ungraded classes, or individuals who teach in an environment other than a classroom setting (and who maintain daily student attendance records) [from NCES, CCD, 2001-02]
- c. *How is a class defined?* A class is a setting in which organized instruction of core academic course content is provided to one or more students (including cross-age groupings) for a given period of time. (A course may be offered to more than one class.) Instruction, provided by one or more teachers or other staff members, may be delivered in person or via a different medium. Classes that share space should be considered as separate classes if they function as separate units for more than 50% of the time [from NCES Non-fiscal Data Handbook for Early Childhood, Elementary, and Secondary Education, 2003].
- d. *Should 6th-, 7th-, and 8th-grade classes be reported in the elementary or the secondary category?* States are responsible for determining whether the content taught at the middle school level meets the competency requirements for elementary or secondary instruction. Report classes in grade 6 through 8 consistent with how teachers have been classified to determine their highly qualified status, regardless of whether their schools are configured as elementary or middle schools.
- e. *How should States count teachers (including specialists or resource teachers) in elementary classes?* States that count self-contained classrooms as one class should, to avoid over-representation, also count subject-area specialists (e.g., mathematics or music teachers) or resource teachers as teaching one class. On the other hand, States using a departmentalized approach to instruction where a self-contained classroom is counted multiple times (once for each subject taught) should also count subject-area specialists or resource teachers as teaching multiple classes.
- f. *How should States count teachers in self-contained multiple-subject secondary classes?* Each core academic subject taught for which students are receiving credit toward graduation should be counted in the numerator and the denominator. For example, if the same teacher teaches English, calculus, history, and science in a self-contained classroom, count these as four classes in the denominator. If the teacher is Highly Qualified to teach English and history, he/she would be counted as Highly Qualified in two of the four subjects in the numerator.
- g. *What is the reporting period?* The reporting period is the school year. The count of classes must include all semesters, quarters, or terms of the school year. For example, if core academic classes are held in summer sessions, those classes should be included in the count of core academic classes. A state determines into which school year classes fall.

1.5.2 Reasons Core Academic Classes Are Taught by Teachers Who Are Not Highly Qualified

In the tables below, estimate the percentages for each of the reasons why teachers who are not highly qualified teach core academic classes. For example, if 900 elementary classes were taught by teachers who are not highly qualified, what percentage of those 900 classes falls into each of the categories listed below? If the three reasons provided at each grade level are not sufficient to explain why core academic classes at a particular grade level are taught by teachers who are not highly qualified, use the row labeled "other" and explain the additional reasons. The total of the reasons is calculated automatically for each grade level and must equal 100% at the elementary level and 100% at the secondary level.

Note: Use the numbers of core academic classes taught by teachers who are not highly qualified from 1.5.1 for both elementary school classes (1.5.2.1) and for secondary school classes (1.5.2.2) as your starting point.

1.5.2.1 Elementary School Classes	
Elementary School Classes	Percentage
Elementary school classes taught by certified general education teachers who did not pass a subject-knowledge test or (if eligible) have not demonstrated subject-matter competency through HOUSSE	15.20
Elementary school classes taught by certified special education teachers who did not pass a subject-knowledge test or have not demonstrated subject-matter competency through HOUSSE	49.00
Elementary school classes taught by teachers who are not fully certified (and are not in an approved alternative route program)	35.80
Other (please explain in comment box below)	0.00
Total	100.00

The response is limited to 8,000 characters.

1.5.2.2 Secondary School Classes	
Secondary School Classes	Percentage
Secondary school classes taught by certified general education teachers who have not demonstrated subject-matter knowledge in those subjects (e.g., out-of-field teachers)	13.30
Secondary school classes taught by certified special education teachers who have not demonstrated subject-matter competency in those subjects	38.60
Secondary school classes taught by teachers who are not fully certified (and are not in an approved alternative route program)	48.10
Other (please explain in comment box below)	0.00
Total	100.00

The response is limited to 8,000 characters.

1.5.3 Poverty Quartiles and Metrics Used

In the table below, provide the number of core academic classes for each of the school types listed and the number of those core academic classes taught by teachers who are highly qualified. The percentage of core academic classes taught by teachers who are highly qualified will be calculated automatically. The percentages used for high- and low-poverty schools and the poverty metric used to determine those percentages are reported in the second table. Below the tables are FAQs about these data.

NOTE: No source of classroom-level poverty data exists, so States may look at school-level data when figuring poverty quartiles. Because not all schools have traditional grade configurations, and because a school may not be counted as both an elementary and as a secondary school, States may include as elementary schools all schools that serve children in grades K through 5 (including K through 8 or K through 12 schools).

This means that for the purpose of establishing poverty quartiles, some classes in schools where both elementary and secondary classes are taught would be counted as classes in an elementary school rather than as classes in a secondary school in 1.5.3. This also means that such a 12th grade class would be in a different category in 1.5.3 than it would be in 1.5.1.

School Type	Number of Core Academic Classes (Total)	Number of Core Academic Classes Taught by Teachers Who Are Highly Qualified	Percentage of Core Academic Classes Taught by Teachers Who Are Highly Qualified
Elementary Schools			
High Poverty Elementary Schools	7,902	7,742	97.98
Low-poverty Elementary Schools	9,179	8,997	98.02
Secondary Schools			
High Poverty secondary Schools	7,195	6,749	93.80
Low-Poverty secondary Schools	23,668	23,332	98.58

1.5.3.1 Poverty Quartile Breaks

In the table below, provide the poverty quartiles breaks used in determining high- and low-poverty schools and the poverty metric used to determine the poverty quartiles. Below the table are FAQs about the data collected in this table.

	High-Poverty Schools (more than what %)	Low-Poverty Schools (less than what %)
Elementary schools	57.80	28.20
Poverty metric used	Minnesota uses the percentage of students who qualify for free or reduced-price lunch for this calculation.	
Secondary schools	66.70	29.10
Poverty metric used	Minnesota uses the percentage of students who qualify for free or reduced-price lunch for this calculation.	

FAQs on poverty quartiles and metrics used to determine poverty

- a. *What is a "high-poverty school"?* Section 1111(h)(1)(C)(viii) defines "high-poverty" schools as schools in the top quartile of poverty in the State.
- b. *What is a "low-poverty school"?* Section 1111(h)(1)(C)(viii) defines "low-poverty" schools as schools in the bottom quartile of poverty in the State.
- c. *How are the poverty quartiles determined?* Separately rank order elementary and secondary schools from highest to lowest on your percentage poverty measure. Divide the list into four equal groups. Schools in the first (highest group) are high-poverty schools. Schools in the last group (lowest group) are low-poverty schools. Generally, States use the percentage of students who qualify for the free or reduced-price lunch program for this calculation.
- d. *Since the poverty data are collected at the school and not classroom level, how do we classify schools as either elementary or secondary for this purpose?* States may include as elementary schools all schools that serve children in grades K through 5 (including K through 8 or K through 12 schools) and would therefore include as secondary schools those that exclusively serve children in grades 6 and higher.

1.6 TITLE III AND LANGUAGE INSTRUCTIONAL PROGRAMS

This section collects annual performance and accountability data on the implementation of Title III programs.

1.6.1 Language Instruction Educational Programs

In the table below, place a check next to each type of language instruction educational programs implemented in the State, as defined in Section 3301(8), as required by Sections 3121(a)(1), 3123(b)(1), and 3123(b)(2).

Table 1.6.1 Definitions:

1. **Types of Programs** = Types of programs described in the subgrantee's local plan (as submitted to the State or as implemented) that is closest to the descriptions in http://www.ncela.gwu.edu/files/rcd/BE021775/Glossary_of_Terms.pdf.
2. **Other Language** = Name of the language of instruction, other than English, used in the programs.

Check Types of Programs	Type of Program	Other Language
Yes <input type="checkbox"/>	Dual language	Spanish, French, Mandarin
Yes <input type="checkbox"/>	Two-way immersion	Spanish
Yes <input type="checkbox"/>	Transitional bilingual programs	Spanish, Hmong
Yes <input type="checkbox"/>	Developmental bilingual	Spanish, Vietnamese, Mandarin
Yes <input type="checkbox"/>	Heritage language	Spanish, Hmong, Ojibwe
Yes <input type="checkbox"/>	Sheltered English instruction	////////////////////////////////////
Yes <input type="checkbox"/>	Structured English immersion	////////////////////////////////////
Yes <input type="checkbox"/>	Specially designed academic instruction delivered in English (SDAIE)	////////////////////////////////////
Yes <input type="checkbox"/>	Content-based ESL	////////////////////////////////////
Yes <input type="checkbox"/>	Pull-out ESL	////////////////////////////////////
No <input type="checkbox"/>	Other (explain in comment box below)	////////////////////////////////////

The response is limited to 8,000 characters.

1.6.2 Student Demographic Data

1.6.2.1 Number of ALL LEP Students in the State

In the table below, provide the unduplicated number of ALL LEP students in the State who meet the LEP definition under Section 9101(25).

- Include newly enrolled (recent arrivals to the U.S.) and continually enrolled LEP students, whether or not they receive services in a Title III language instruction educational program.
- Do not include Former LEP students (as defined in Section 200.20(f)(2) of the Title I regulation) and monitored Former LEP students (as defined under Section 3121(a)(4) of Title III) in the ALL LEP student count in this table.

Number of ALL LEP students in the State	70,436
Comments: The response is limited to 4,000 characters. This is the number of ELs enrolled in Minnesota at any time during the school year.	

1.6.2.2 Number of LEP Students Who Received Title III Language Instruction Educational Program Services

In the table below, provide the unduplicated number of LEP students in the State who received services in Title III language instructional education programs.

LEP Students Receiving Services	#
LEP students who received services in a Title III language instruction educational program in grades K through 12 for this reporting year.	63,747
Comments: The response is limited to 4,000 characters. This is the number of ELs enrolled in a Title III program in Minnesota at any time during the school year.	

1.6.2.3 Most Commonly Spoken Languages in the State

In the table below, provide the five most commonly spoken languages, other than English, in the State (for all LEP students, not just LEP students who received Title III services). The top five languages should be determined by the highest number of students speaking each of the languages listed.

Language	# LEP Students
Spanish; Castilian	28,605
Hmong	12,743
Somali	10,982
Karen languages	2,500
Vietnamese	1,911

Report additional languages with significant numbers of LEP students in the comment box below.

The response is limited to 8,000 characters.

--

1.6.3 Student Performance Data

This section collects data on LEP students' English language proficiency, as required by Sections 1111(h)(4)(D) and 3121(a)(2).

1.6.3.1.1 All LEP Students Tested on the State Annual English Language Proficiency Assessment

In the table below, please provide the number of ALL LEP students tested and not tested on annual State English language proficiency (ELP) assessment (as defined in 1.6.2.1).

All LEP Testing	#
Number tested on State annual ELP assessment	62,253
Number not tested on State annual ELP assessment	4,234
Total	66,487
Comments: The response is limited to 4,000 characters. The number tested reflects ELs enrolled during the ELP testing window receiving a valid score. The number not tested reflects ELs enrolled during the testing window that did not receive a valid score or did not participate. A valid score means the student received a composite score meaning the student took all sections of the test.	

1.6.3.1.2 ALL LEP Student English Language Proficiency Results

All LEP Results	#
Number attained proficiency on State annual ELP assessment	9,672
Percent attained proficiency on State annual ELP assessment	15.54
Comments: The response is limited to 4,000 characters.	

1.6.3.2.1 Title III LEP Students Tested on the State Annual English Language Proficiency Assessment

In the table below, provide the number of Title III LEP students tested on annual State English language proficiency assessment.

Title III LEP Testing		#
Number tested on State annual ELP assessment		57,147
Number not tested on State annual ELP assessment		3,229
Total		60,376
Comments: The response is limited to 4,000 characters. The number tested reflects ELs in a Title III program enrolled during the ELP testing window receiving a valid score. The number not tested reflects ELs in a Title III program enrolled during the testing window that did not receive a valid score or did not participate. A valid score means the student received a composite score meaning the student took all sections of the test.		

In the table below, provide the number of Title III students who took the State annual ELP assessment for the first time and whose progress cannot be determined and whose results were not included in the calculation for AMAO 1. Report this number ONLY if the State did not include these students in establishing AMAO 1/ making progress target and did not include them in the calculations for AMAO 1/ making progress (# and % making progress).

Title III First Time Tested		#
Number of Title III students who took the State annual ELP assessment for the first time whose progress cannot be determined and whose results were not included in the calculation for AMAO 1.		12,875

1.6.3.2.2 Title III LEP English Language Proficiency Results

This section collects information on Title III LEP students' development of English and attainment of English proficiency.

Table 1.6.3.2.2 Definitions:

1. **Annual Measurable Achievement Objectives (AMAOs)** = State targets for the number and percent of students making progress and attaining proficiency.
2. **Making Progress** = Number and percent of Title III LEP students that met the definition of "Making Progress" as defined by the State and submitted to ED in the Consolidated State Application (CSA), or as amended.
3. **Attained Proficiency** = Number and percent of Title III LEP students that met the State definition of "Attainment" of English language proficiency submitted to ED in the Consolidated State Application (CSA), or as amended.
4. **Results** = Number and percent of Title III LEP students that met the State definition of "Making Progress" and the number and percent that met the State definition of "Attainment" of English language proficiency.

In the table below, provide the State targets for the number and percent of students making progress and attaining English proficiency for this reporting period. Additionally, provide the results from the annual State English language proficiency assessment for Title III-served LEP students who participated in a Title III language instruction educational program in grades K through 12. If your State uses cohorts, provide us with the range of targets, (i.e., indicate the lowest target among the cohorts, e.g., 10% and the highest target among a cohort, e.g., 70%).

Title III Results	Results #	Results %	Targets #	Targets %
Making progress	23,458	52.99	18,288	41.90
Attained proficiency	8,627	15.10	5,876	10.40
Comments: The response is limited to 4,000 characters.				

1.6.3.5 Native Language Assessments

This section collects data on LEP students assessed in their native language (Section 1111(b)(6)) to be used for AYP determinations.

1.6.3.5.1 LEP Students Assessed in Native Language

In the table below, check "Yes" if the specified assessment is used for AYP purposes.

State offers the State reading/language arts content tests in the students' native language(s).	No <u> </u>
State offers the State mathematics content tests in the students' native language(s).	No <u> </u>
State offers the State science content tests in the students' native language(s).	No <u> </u>
Comments: The response is limited to 4,000 characters.	

1.6.3.5.2 Native Language of Mathematics Tests Given

In the table below, report the language(s) in which native language assessments are given for ESEA accountability determinations for mathematics.

Language(s)
Comments: The response is limited to 4,000 characters.

1.6.3.5.3 Native Language of Reading/Language Arts Tests Given

In the table below, report the language(s) in which native language assessments are given for ESEA accountability determinations for reading/language arts.

Language(s)

Comments: The response is limited to 4,000 characters.

1.6.3.5.4 Native Language of Science Tests Given

In the table below, report the language(s) in which native language assessments are given for ESEA accountability determinations for science.

Language(s)

Comments: The response is limited to 4,000 characters.

1.6.3.6 Title III Served Monitored Former LEP (MFLEP) Students

This section collects data on the performance of former LEP students as required by Sections 3121(a)(4) and 3123(b)(8).

1.6.3.6.1 Title III Served MFLEP Students by Year Monitored

In the table below, report the unduplicated count of monitored former LEP students during the two consecutive years of monitoring, which includes both MFLEP students in AYP grades and in non-AYP grades.

Monitored Former LEP (MFLEP) students include:

- Students who have transitioned out of a language instruction educational program.
- Students who are no longer receiving LEP services and who are being monitored for academic content achievement for 2 years after the transition.

Table 1.6.3.6.1 Definitions:

1. **# Year One** = Number of former LEP students in their first year of being monitored.
2. **# Year Two** = Number of former LEP students in their second year of being monitored.
3. **Total** = Number of monitored former LEP students in year one and year two. This is automatically calculated.

# Year One	# Year Two	Total
10,496	6,530	17,026
Comments: The response is limited to 4,000 characters.		

1.6.3.6.2 MFLEP Students Results for Mathematics

In the table below, report the number of MFLEP students who took the annual mathematics assessment. Please provide data only for those students who transitioned out of language instruction educational programs and who no longer received services under Title III in this reporting year. These students include both students who are monitored former LEP students in their first year of monitoring, and those in their second year of monitoring.

Table 1.6.3.6.2 Definitions:

1. **# Tested** = State-aggregated number of MFLEP students who were tested in mathematics in all AYP grades.
2. **# At or Above Proficient** = State-aggregated number of MFLEP students who scored at or above proficient on the State annual mathematics assessment.
3. **% Results** = Automatically calculated based on number who scored at or above proficient divided by the number tested.
4. **# Below proficient** = State-aggregated number of MFLEP students who did not score proficient on the State annual mathematics assessment. This will be automatically calculated.

# Tested	# At or Above Proficient	% Results	# Below Proficient
10,031	5,355	53.38	4,676
Comments: The response is limited to 4,000 characters.			

1.6.3.6.3 MFLEP Students Results for Reading/Language Arts

In the table below, report results for MFLEP students who took the annual reading/language arts assessment. Please provide data only for those students who transitioned out of language instruction educational programs and who no longer received services under Title III in this reporting year. These students include both students who are monitored former LEP students in their first year of monitoring, and those in their second year of monitoring.

Table 1.6.3.6.3 Definitions:

1. **# Tested** = State-aggregated number of MFLEP students who were tested in reading/language arts in all AYP grades.
2. **# At or Above Proficient** = State-aggregated number of MFLEP students who scored at or above proficient on the State annual reading/language arts assessment.
3. **% Results** = Automatically calculated based on number who scored at or above proficient divided by the total number tested. This will be automatically calculated.
4. **# Below proficient** = State-aggregated number MFLEP students who did not score proficient on the State annual reading/language arts assessment.

# Tested	# At or Above Proficient	% Results	# Below Proficient
10,129	4,527	44.69	5,602

Comments: The response is limited to 4,000 characters.

1.6.3.6.4 MFLEP Students Results for Science

In the table below, report results for MFLEP students who took the annual science assessment. Please provide data only for those students who transitioned out of language instruction educational programs and who no longer received services under Title III in this reporting year. These students include both students who are MFLEP students in their first year of monitoring, and those in their second year of monitoring.

Table 1.6.3.6.4 Definitions:

1. **# Tested** = State-aggregated number of MFLEP students who were tested in science.
2. **# At or Above Proficient** = State-aggregated number of MFLEP students who scored at or above proficient on the State annual science assessment.
3. **% Results** = Automatically calculated based on number who scored at or above proficient divided by the total number tested. This will be automatically calculated.
4. **# Below proficient** = State-aggregated number MFLEP students who did not score proficient on the State annual science assessment.

# Tested	# At or Above Proficient	% Results	# Below Proficient
4,153	1,229	29.59	2,924

Comments: The response is limited to 4,000 characters.

1.6.4 Title III Subgrantees

This section collects data on the performance of Title III subgrantees.

1.6.4.1 Title III Subgrantee Performance

In the table below, report the number of Title III subgrantees meeting the criteria described in the table. Do not leave items blank. If there are zero subgrantees who met the condition described, put a zero in the number (#) column. Do not double count subgrantees by category.

Note: Do not include number of subgrants made under Section 3114(d)(1) from funds reserved for education programs and activities for immigrant children and youth. (Report Section 3114(d)(1) subgrants in 1.6.5.1 ONLY.)

Title III Subgrantees		#
Total number of subgrantees for the year		100
Number of subgrantees that met all three Title III AMAOs		53
Number of subgrantees that met AMAO 1		86
Number of subgrantees that met AMAO 2		79
Number of subgrantees that met AMAO 3		54
Number of subgrantees that did not meet any Title III AMAOs		1
Number of subgrantees that did not meet Title III AMAOs for two consecutive years (SYs 2011-12 and 2012-13)		19
Number of subgrantees implementing an improvement plan in SY 2012-13 for not meeting Title III AMAOs for two consecutive years		19
Number of subgrantees that have not met Title III AMAOs for four consecutive years (SYs 2009-10, 2010-11, 2011-12, and 2012-13)		21

Provide information on how the State counted consortia members in the total number of subgrantees and in each of the numbers in table 1.6.4.1.

The response is limited to 4,000 characters.

Comments: The response is limited to 4,000 characters. Consortia are counted as a single entity in the total number of subgrantees.

1.6.4.2 State Accountability

In the table below, indicate whether the State met all three Title III AMAOs.

Note: Meeting all three Title III AMAOs means meeting each State-set target for each objective: Making Progress, Attaining Proficiency, and Making AYP for the LEP subgroup.

State met <u>all</u> three Title III AMAOs	No
Comments: The response is limited to 4,000 characters. The state met targets for AMAO 1 and AMAO 2.	

1.6.4.3 Termination of Title III Language Instruction Educational Programs

This section collects data on the termination of Title III programs or activities as required by Section 3123(b)(7).

Were any Title III language instruction educational programs <u>or</u> activities terminated for failure to reach program goals?	No
If yes, provide the number of language instruction educational programs <u>or</u> activities for immigrant children and youth terminated.	0
Comments: The response is limited to 4,000 characters.	

1.6.5 Education Programs and Activities for Immigrant Students

This section collects data on education programs and activities for immigrant students.

Note: All immigrant students are not LEP students.

1.6.5.1 Immigrant Students

In the table below, report the unduplicated number of immigrant students enrolled in schools in the State and who participated in qualifying educational programs under Section 3114(d)(1).

Table 1.6.5.1 Definitions:

1. **Immigrant Students Enrolled** = Number of students who meet the definition of immigrant children and youth under Section 3301(6) and enrolled in the elementary or secondary schools in the State.
2. **Students in 3114(d)(1) Program** = Number of immigrant students who participated in programs for immigrant children and youth funded under Section 3114(d)(1), using the funds reserved for immigrant education programs/activities. This number should not include immigrant students who only receive services in Title III language instructional educational programs under Sections 3114(a) and 3115(a).
3. **3114(d)(1) Subgrants** = Number of subgrants made in the State under Section 3114(d)(1), with the funds reserved for immigrant education programs/activities. Do not include Title III Language Instruction Educational Program (LIEP) subgrants made under Sections 3114(a) and 3115(a) that serve immigrant students enrolled in them.

# Immigrant Students Enrolled	# Students in 3114(d)(1) Program	# of 3114(d)(1) Subgrants
10,048	4,611	8

If state reports zero (0) students in programs or zero (0) subgrants, explain in comment box below.

The response is limited to 8,000 characters.

1.6.6 Teacher Information and Professional Development

This section collects data on teachers in Title III language instruction educational programs as required under Section 3123(b)(5).

1.6.6.1 Teacher Information

This section collects information about teachers as required under Section 3123 (b)(5).

In the table below, report the number of teachers who are working in the Title III language instruction educational programs as defined under Section 3301(8) and reported in 1.6.1 (Types of language instruction educational programs) even if they are not paid with Title III funds.

Note: Section 3301(8) – The term ‘ Language instruction educational program ’ means an instruction course – (A) in which a limited English proficient child is placed for the purpose of developing and attaining English proficiency, while meeting challenging State academic content and student academic achievement standards, as required by Section 1111(b)(1); and (B) that may make instructional use of both English and a child’s native language to enable the child to develop and attain English proficiency and may include the participation of English proficient children if such course is designed to enable all participating children to become proficient in English as a second language.

Title III Teachers	#
Number of all certified/licensed teachers currently working in Title III language instruction educational programs.	1,307
Estimate number of <u>additional</u> certified/licensed teachers that will be needed for Title III language instruction educational programs in the next 5 years*.	515

Explain in the comment box below if there is a zero for any item in the table above.

The response is limited to 8,000 characters.

* This number should be the total additional teachers needed for the next 5 years, not the number needed for each year. Do not include the number of teachers currently working in Title III English language instruction educational programs.

1.6.6.2 Professional Development Activities of Subgrantees Related to the Teaching and Learning of LEP Students

In the tables below, provide information about the subgrantee professional development activities that meet the requirements of Section 3115(c)(2).

Table 1.6.6.2 Definitions:

1. **Professional Development Topics** = Subgrantee professional development topics required under Title III.
2. **#Subgrantees** = Number of subgrantees who conducted each type of professional development activity. A subgrantee may conduct more than one professional development activity. (Use the same method of counting subgrantees, including consortia, as in 1.6.1 and 1.6.4.)
3. **Total Number of Participants** = Number of teachers, administrators and other personnel who participated in each type of the professional development activities reported.
4. **Total** = Number of all participants in professional development (PD) activities.

Professional Development (PD) Topics	# Subgrantees
Instructional strategies for LEP students	86
Understanding and implementation of assessment of LEP students	83
Understanding and implementation of ELP standards and academic content standards for LEP students	82
Alignment of the curriculum in language instruction educational programs to ELP standards	68
Subject matter knowledge for teachers	59
Other (Explain in comment box)	0

PD Participant Information	# Subgrantees	# Participants
PD provided to content classroom teachers	87	6,778
PD provided to LEP classroom teachers	95	1,327
PD provided to principals	80	499
PD provided to administrators/other than principals	69	237
PD provided to other school personnel/non-administrative	59	863
PD provided to community based organization personnel	18	505
Total	//////////	10,209

The response is limited to 8,000 characters.

--

1.6.7 State Subgrant Activities

This section collects data on State grant activities.

1.6.7.1 State Subgrant Process

In the table below, report the time between when the State receives the Title III allocation from ED, normally on July 1 of each year for the upcoming school year, and the time when the State distributes these funds to subgrantees for the intended school year. Dates must be submitted using the MM/DD/YY format.

Table 1.6.7.1 Definitions:

1. **Date State Received Allocation** = Annual date the State receives the Title III allocation from US Department of Education (ED).
2. **Date Funds Available to Subgrantees** = Annual date that Title III funds are available to approved subgrantees.
3. **# of Days/\$\$ Distribution** = Average number of days for States receiving Title III funds to make subgrants to subgrantees beginning from July 1 of each year, except under conditions where funds are being withheld.

Example: State received SY 2012-13 funds July 1, 2012, and then made these funds available to subgrantees on August 1, 2012, for SY 2012-13 programs. Then the "# of days/\$\$ Distribution" is 30 days.

Date State Received Allocation	Date Funds Available to Subgrantees	# of Days/\$\$ Distribution
7/1/2012	7/5/2012	5
Comments: The response is limited to 4,000 characters.		

1.6.7.2 Steps To Shorten the Distribution of Title III Funds to Subgrantees

In the comment box below, describe how your State can shorten the process of distributing Title III funds to subgrantees.

The response is limited to 8,000 characters.

1.7 PERSISTENTLY DANGEROUS SCHOOLS

In the table below, provide the number of schools identified as persistently dangerous, as determined by the State, by the start of the school year. For further guidance on persistently dangerous schools, refer to Section B "Identifying Persistently Dangerous Schools" in the Unsafe School Choice Option Non-Regulatory Guidance, available at: <http://www.ed.gov/policy/elsec/guid/unsafeschoolchoice.pdf>.

Persistently Dangerous Schools	#
Persistently Dangerous Schools	0
Comments: The response is limited to 4,000 characters.	

1.9 EDUCATION FOR HOMELESS CHILDREN AND YOUTHS PROGRAM

This section collects data on homeless children and youth and the McKinney-Vento grant program.

In the table below, provide the following information about the number of LEAs in the State who reported data on homeless children and youth and the McKinney-Vento program. The totals will be automatically calculated.

LEAs	#	# LEAs Reporting Data
LEAs without subgrants	542	542
LEAs with subgrants	11	11
Total	553	553

Comments: The response is limited to 4,000 characters.

1.9.1 All LEAs (with and without McKinney-Vento subgrants)

The following questions collect data on homeless children and youth in the State.

1.9.1.1 Homeless Children And Youth

In the table below, provide the number of homeless children and youth by grade level enrolled in public school at any time during the regular school year. The totals will be automatically calculated:

Age/Grade	# of Homeless Children/Youth Enrolled in Public School in LEAs Without Subgrants	# of Homeless Children/Youth Enrolled in Public School in LEAs With Subgrants
Age 3 through 5 (not Kindergarten)	128	178
K	476	600
1	424	609
2	449	512
3	435	537
4	383	499
5	380	501
6	330	449
7	317	461
8	280	369
9	309	479
10	301	457
11	287	411
12	636	677
Ungraded		
Total	5,135	6,739

Comments: The response is limited to 4,000 characters.

1.9.1.2 Primary Nighttime Residence of Homeless Children and Youth

In the table below, provide the number of homeless children and youth by primary nighttime residence enrolled in public school at any time during the regular school year. The primary nighttime residence should be the student's nighttime residence when he/she was identified as homeless. The totals will be automatically calculated.

Primary Nighttime Residence	# of Homeless Children/Youth - LEAs Without Subgrants	# of Homeless Children/Youth - LEAs With Subgrants
Shelters, transitional housing, awaiting foster care	1,302	2,533
Doubled-up (e.g., living with another family)	3,036	3,282
Unsheltered (e.g., cars, parks, campgrounds, temporary trailer, or abandoned buildings)	178	92
Hotels/Motels	619	832
Total	5,135	6,739

Comments: The response is limited to 4,000 characters.

1.9.1.3 Subgroups of Homeless Students Enrolled

In the table below, please provide the following information about the homeless students enrolled during the regular school year.

Special Population	# Homeless Children/Youth - LEAs Without Subgrants	# of Homeless Children/Youth - LEAs With Subgrants
Unaccompanied homeless youth	650	763
Migratory children/youth	93	1
Children with disabilities (IDEA)	1,228	1,713
Limited English Proficient (LEP) students	443	887

Comments: The response is limited to 4,000 characters.

1.9.2 LEAs with McKinney-Vento Subgrants

The following sections collect data on LEAs with McKinney-Vento subgrants.

1.9.2.1 Homeless Children and Youth Served by McKinney-Vento Subgrants

In the table below, provide the number of homeless children and youth by grade level who were served by McKinney-Vento subgrants during the regular school year. The total will be automatically calculated.

Age/Grade	# Homeless Children/Youth Served by Subgrants
Age Birth Through 2	109
Age 3 through 5 (not Kindergarten)	178
K	600
1	609
2	512
3	537
4	499
5	501
6	449
7	461
8	369
9	479
10	457
11	411
12	677
Ungraded	0
Total	6,848

Comments: The response is limited to 4,000 characters.

1.9.2.2 Subgroups of Homeless Students Served

In the table below, please provide the following information about the homeless students served during the regular school year.

Subgroup	# Homeless Students Served
Unaccompanied homeless youth	763
Migratory children/youth	1
Children with disabilities (<i>IDEA</i>)	1,713
Limited English Proficient (LEP) students	887

Comments: The response is limited to 4,000 characters.

1.9.3 Academic Achievement of Homeless Students

The following questions collect data on the academic achievement of enrolled homeless children and youth.

1.9.3.1 Reading Assessment

In the table below, provide the number of enrolled homeless children and youth who were tested on the State reading/language arts assessment and the number of those tested who scored at or above proficient. Provide data for grades 9 through 12 only for those grades tested for ESEA.

Grade	# of Homeless Children/Youth - LEAs Without Subgrants # Homeless Children/Youth Who Received a Valid Score and for Whom a Proficiency Level Was Assigned	# of Homeless Children/Youth - LEAs Without Subgrants # Homeless Children/Youth Scoring at or above Proficient	# of Homeless Children/Youth - LEAs With Subgrants # Homeless Children/Youth Who Received a Valid Score and for Whom a Proficiency Level Was Assigned	# of Homeless Children/Youth - LEAs With Subgrants # Homeless Children/Youth Scoring at or above Proficient
3	340	84	491	81
4	303	82	472	78
5	312	117	455	116
6	258	89	407	88
7	241	74	422	71
8	218	66	330	70
High School	185	66	299	58

Comments: The response is limited to 4,000 characters.

1.9.3.2 Mathematics Assessment

This section is similar to 1.9.3.1. The only difference is that this section collects data on the State mathematics assessment.

Grade	# of Homeless Children/Youth - LEAs Without Subgrants # Homeless Children/Youth Who Received a Valid Score and for Whom a Proficiency Level Was Assigned	# of Homeless Children/Youth - LEAs Without Subgrants # Homeless Children/Youth Scoring at or above Proficient	# of Homeless Children/Youth - LEAs With Subgrants # Homeless Children/Youth Who Received a Valid Score and for Whom a Proficiency Level Was Assigned	# of Homeless Children/Youth - LEAs With Subgrants # Homeless Children/Youth Scoring at or above Proficient
3	341	124	497	135
4	306	125	473	121
5	311	100	449	89
6	256	65	407	53
7	243	58	419	51
8	221	53	327	45
High School	175	27	256	35

Comments: The response is limited to 4,000 characters.

1.9.3.3 Science Assessment

This section is similar to 1.9.3.1. The only difference is that this section collects data on the State science assessment.

Grade	# of Homeless Children/Youth - LEAs Without Subgrants # Homeless Children/Youth Who Received a Valid Score and for Whom a Proficiency Level Was Assigned	# of Homeless Children/Youth - LEAs Without Subgrants # Homeless Children/Youth Scoring at or above Proficient	# of Homeless Children/Youth - LEAs With Subgrants # Homeless Children/Youth Who Received a Valid Score and for Whom a Proficiency Level Was Assigned	# of Homeless Children/Youth - LEAs With Subgrants # Homeless Children/Youth Scoring at or above Proficient
