Subject: RE: NorthMet Mine Site and Plant Site Models (v5) with Results

Tina, this message is to acknowledge availability of the NorthMet Mine Site and Plant Site Models (Version 5) on the Barr FTP site. These will be provided to the Cooperating Agencies for their 30 working-day review and comment period.

Congrats to you and your technical team for reaching this project milestone. Bill J. for the Co-lead Project Managers. (Hingsberger; Hale; Johnson; Fay)

Subject: NorthMet Mine Site and Plant Site Models (v5) with Results

Bill,

Version 5 of the Mine Site and Plant Site GoldSim models and the associated model results have been uploaded to an ftp site (see instructions for accessing the ftp site below).

This ftp site contains four folders:

- **MineSite_Results_01Feb2013.zip** – This folder contains the model results spreadsheets for the Mine Site model
- **PlantSite_Results_05Feb2013.zip** – This folder contains the model results spreadsheets for the Plant Site model
- **NorthMet_MineSite_Base_v05.0.zip** – This folder contains the Mine Site GoldSim model, along with a a player file and files that ERM used for QA/QC
- **NorthMet_PlantSite_Base_v05.0.zip** – This folder contains the Plant Site GoldSim model, along with a a player file and files that ERM used for QA/QC

To access the files from the ftp site, paste the following into Windows Explorer (not Internet Explorer).

<ftp://ftp.barr.com/p10>

Then, use:

Uname: polymet10
Pword: PM862ftp

If you have any problems accessing the full file, please let me know. The files will remain on the site until Friday, March 8.

Thanks,
Tina
