Bill & Lisa

Attached is a Word document with comments that we have on the GoldSim model review. I didn't expect quite so many comments this early, however, we have 18 comments that we are submitting. Since there are so many, I am venturing to say that Barr will not be able to provide feedback by the 3/27 GoldSim meeting, however, if Barr is able to provide feedback by 3/27, we are prepared to attend the meeting. If all of the comments cannot be addressed by 3/27, I recommend postponing discussion of the 18 comments until the 4/3 meeting. Please let me know which option the co-leads/Barr prefer when you get a chance. Sorry about the late arrival of this email.

Sincerely,
