Subject: RE: Status of QA/QC

We had a couple of blips come up last week in trying to reconcile our independent calculations but have worked thru them with barr such that we think things all look good

I am reviewing the draft report now and unless something came up over the weekend there should be no red flags – will try to get this out in the next couple of hours

Subject: RE: Status of QA/QC

Any concerns...or within normal limits? Thanks.

Hi bill

Yes we are on track – fred was out sick last week and travelling today but we did just receive his report and are reviewing it – will have it to you this afternoon

Subject: Status of QA/QC

Dave, are we still on track to receive the QA/QC documentation for both the Mine and Plant Site Models today? Thanks. Bill.
