**Subject:** Mine Site model uploaded to Project website

Bill, Dave, and Richard,

The Mine Site model, along with a player file, all results, and the QA/QC files has been uploaded to the Project website.  
[https://www.barr.com/ClientRes/Projects/Polymet%20Mining%20Corp/Water%20Model%20Results%20-%20Agency/index.asp?project\\_id=471](https://www.barr.com/ClientRes/Projects/Polymet%20Mining%20Corp/Water%20Model%20Results%20-%20Agency/index.asp?project_id=471)

The model and its supporting player file, results files, and QA/QC files is in **“PolyMet Water Model Results – Agency”, section “3 – Model Files”, folder “MineSite\_V5.0\_01Feb2013”**.

The model *output files ONLY* can be found in **“PolyMet Water Model Results – Agency”, section “2 – Model Output”, folder “Version 5.0 - Feb2013”**.

Please forward this email to those who need to know at this time where these files are.  
Thanks guys, have a great weekend.

Cory D. Anderson
