Tom, Erik-

Beth indicated that you two were looking for a copy of the Mine Site Water Quality Model Quality Assurance Project Plan (QAPP). Below is the information on where the report can be found. We have not submitted a second version of this report as we are waiting on Agency direction following EPA's review.

If this isn't what you were actually asking for (Beth acknowledged she wasn't 100% sure) or if there is anything else you need, please let me or Beth know.

Thanks,  
Tina
