David, keep the agency performance review leads in mind as you plan this. Agreed that this first and foremost should meet your teams' needs. Opportunity for insight sharing would be good though. Bill.

Bill/Mike/Mike

I think you all know that we are assembling the ERM water team in St Paul on Dec 4 for a primarily internal work session. We will all be attending the meeting on Dec 5<sup>th</sup>

I have invited Barr to join us for a few hours the afternoon of the 4<sup>th</sup> (2:30 – 5:00)

This would be an opportunity for the ERM team to ask some very specific questions as we try to meet our internal deadline of a draft water section before Christmas (and before the co-lead 10 week review process ends)

I wanted to alert you to this to get your blessing that this is ok. Of course, if you or others at DNR would want to join us that would be fine, but hopefully on a limited basis as we don't want the meeting to get too big and certainly it is not intended to be redundant with the meeting on Dec 5<sup>th</sup>

Thoughts?

David W. Blaha
