Subject: Plant Site Functions and Notes spreadsheet
Attachments: Plant Site Note Pane Documentation.xlsx

Fred, last week during our call, you requested a spreadsheet for the Plant Site which was similar to the one prepared for the Mine Site.

I have attached it here. Hopefully it is helpful during your review of the Plant Site model.

Please continue to ask questions as they come up. It's great to have these more informal discussions about the construction of the models.

Thanks Fred,
Cory
