Tina,  
I am asking for a reference in the Plant Site QAPP to the forthcoming document that will disclose the plant site corroboration statistics. If this is agreeable, please issue final versions of Plant Site QAPP with changes for our record, one with gray text one, one clean.  
Thanks,  
Erik

Erik-  
Attached are the PolyMet/Barr response to comments. If acceptable, we will get version 2 of this document submitted as requested.

Thanks,  
Tina

Jim and Tina,  
If you have any questions please let me know. For our records, please issue a final Plant Site QAPP, one grayed out and one clean after changes are made.
