Fred

Thanks for your responses last week re: the status of prior comments on groundwater infiltration/percolation/net recharge

There are two other items on Erik's tracker (see attached) that as an outcome of last weeks Model Results Check conference call require some input from you:

- Line 94 – it was agreed on the call that you, Erik and Peter Hinck should discuss our comment on the QAPP regarding “if this, then that” statements. Melinda can help you arrange this call
- Line 95 – Peter Hinck and Tina Pint have requested some additional clarification around this comment

Please keep Melinda informed as she is my “eyes and ears”, especially this week as I am travelling

Thanks a lot

David W. Blaha
