Mark—Just had a conversation with Rich Albertoni at PCG. He wanted to run by me what the product they will deliver to us on Friday will be: A paper that lays out what PCG is currently doing, and some conclusions—not about any findings yet, too early—but about which areas they plan to target for focus over the next 5 months.

I told him this is spot on. Please let us know if you disagree or want to add anything else.

He also told me that he will call Janny Brust at the Council this afternoon.
