**Subject:** Final Report on Value of Minnesota Health Care Programs (MHCP) Managed Care, as Compared to Fee-for Service

Good afternoon.

DHS has received questions about the release of a final report on the Value of Minnesota Health Care Programs (MHCP) Managed Care, as Compared to Fee-for Service. The initial report was released in February 2013 by Public Consulting Group. DHS contracted with Public Consulting Group to author the initial and final reports on the value of managed care for state public health care programs as required by Section 31 of 2012 Sessions Law Chapter 247.

We expect this report to be issued within the next ten days. Once the final report is received I will forward a copy to you. The Legislative Reference Library has a [copy of the report](#) that I have linked here as a refresher. Have a spectacular holiday weekend.

*Kind regards,*
