RE: MILE CLE ON PRIVACY LAW

Dear Don:

The Minnesota Institute of Legal Education (MILE) has asked me to chair another Continuing Legal Education (CLE) on Privacy Law this winter, a follow-up to the inaugural program last year.

The program would focus upon the evolution of the law of privacy in Minnesota since the decision by the Minnesota Supreme Court in *Lake v. WalMart Stores, Inc.*, 582 N.W.2d 231 (Minn. 1998). The program will cover a wide variety of topics. If you are interested and concerned about this topic, we would like to invite you to make a presentation at the program. The program is currently scheduled for February 20, 2000, at a place to be designated in the Twin Cities. The precise amount of time and placement on the program remains to be determined, but we will try to make sure that you have sufficient time to make a quality presentation, and we will strive to make sure that everyone gets to go first.

The topic that we would like you to address is: "New Developments in Data Practices."

Please get back to me at your earliest opportunity if you are able to participate. If I am unavailable, please contact our

paralegal, **Pam Spaude**, who is working with me on this project. We look forward to your participation in what promises to be an interesting and informative program.

Very truly yours,

MANSFIELD, TANICK & COHEN, P.A.
