No worries - thanks for compiling. I'm downtown tomorrow. How would 9:00am work?

Thanks

Greetings Sgt. Malmgren,

Thanks for collecting the materials. I will wait until all the e-mails are compiled, and then I'll come down for one inspection session.

Thanks much,

Matt Ehling

Mr. Ehling,

I have part of your request completed.

-License Agreement

-Two letters

-City Resolution

They are ready for review. I am still working on the emails. We switched over to a new system earlier this year and extracting data is not as easy as the old system.

Do you want to look at these now or wait until the emails are done?

Sgt. Dan Malmgren
