Hi Sheila,

Attached is a list of data that I'd like to get copied. This list corresponds to the digital files that I reviewed yesterday. I'll give you a list of the paper files once I've completed the second inspection session on Wednesday.

Specifics about the type of copies, delivery, and billing are included in the attached document.

If possible, it would be great to have these copies available for pick-up on Wednesday afternoon when I come in for the second inspection.

Feel free to call with any questions.

Thanks much,

Matt Ehling
