This went out tonight from Eddie:

Statement by Eddie Sutton, Brother of Jamar Clark

For Immediate Release

November 24, 2015

“Thank you to the community for the incredible support you have shown for our family in this difficult time. We appreciate Black Lives Matter for holding it down and keeping the protests peaceful. But in light of tonight’s shootings, the family feels out of imminent concern for the safety of the occupiers, we must get the occupation of the 4th precinct ended and onto the next step.”
