Brief Description or Question (or other problem not listed): three helicopters were playing tag over downtown aug 18 and police could not say who where were apparently it was some navy seals . i want to know who authorized them to use downtown as a training ground. there are about 7000 of us downtown and if they had hit a building like gaultier tower or my building city walk they would have killed a lot of people. downtown residents are own an explanation and an apology.

SAME PERSON ALSO LEFT VOICE MAIL MESSAGE @ 9:15pm: "Helicopters using St Paul for training is outrageous. I want the mayor to tell Homeland Security they can't do it again!"

Police Issue

Brief Description or Question (or other problem not listed): Say no to low flying helicopter training exercises. It definitely violated noise ordinances. Thought my backyard was being invaded.

Describe the location in detail. (eg. behind garage, next to front steps, etc.): above my head
