01/19/2016. Received e-mail concern regarding an UAS operator allegedly operating commercially without a 333 exemption. Responded to concerned party via return e-mail that he MSP FSDO would look into this. 01/20/2016. Obtained contact information from alleged operators website. Contacted [REDACTED] at the phone number noted. Discussed concerns that were expressed. According to [REDACTED], they have a 333 exemption petition in process and have not operated commercially since last summer when they realized they needed the exemption. Details of phone conversation documented on FAA Form 1360-33 dated 01/20/2016. Educational letter sent in accordance with Notice 8900.313 to [REDACTED] as follow up to phone conversation. Complaint closed with no further action required at this time.

01/25/2016. Met with 2 representative of the local ATC at their request. The representatives had some questions on how they should be handling some of the requests that they are getting regarding operations near airports. Provided them with contact information for AFS-83 and -85 personnel that we had been provided by the GL Regional UAS Specialist.
