Answers to your questions

Hi Mike,

Below are the answers to your questions. I am also cc'ing Eric Durkee from the team in case you have specific questions or follow-up for Dr. McGuire.

Thanks,

Tonya

-- Are there any signed documents so far between the city and the team?

Yes. The City and team jointly signed the Development Agreement, Playing and Use Agreement, and Environmental Project Management Agreement.

-- If there are signed documents, who is signing them for the team?

Dr. McGuire signed the documents.

-- And, during the many meetings the Mayor's Office has had on the

stadium project, who is in the room representing the team? Is it Dr. McGuire and several subordinates? Others?

In meetings between the City and the team, the team has been represented by Dr. McGuire, Minnesota United staff, and/or various consultants or contractors working on behalf of the team, including attorneys, owner's representatives, construction company personnel, architects, etc.

-- Has Dr. McGuire indicated he will be the sole owner of the team? The majority owner? Has he said specifically what his role will be?

Dr. McGuire signed the documents with the City as the Managing Member and Manager of MUSC Holdings, LLC.
