

# Data Request: Minnesota's Amazon Proposal

December 7, 2017

**Delaney, Shane M (DEED)**

**To:** "admin@publicrecordmedia.org" <admin@publicrecordmedia.org>

Matt,

Attached are the responsive materials you requested regarding Minnesota's submitted proposal to Amazon's HQ2 RFP. These are the only documents DEED possesses that are responsive to this request.

Minnesota's complete proposal to the Amazon HQ2 RFP was submitted by Greater MSP, an organization that partnered with DEED on this project. After assessing the requirements of the Amazon RFP and the deadline to respond, it was clear that DEED and Greater MSP would need to perform duties that best fit each organization's strengths. Greater MSP took on the task of compiling Minnesota's response and submitting it to Amazon.

Your additional request of supporting documentation related to this project is still pending. We will continue to process that portion of your request unless I hear otherwise from you.

Thank you.

**Shane Delaney | Communications Director**
