Hi Mike

Thanks for inquiry. We reviewed your request. We aren't able to release the proposal for two reasons. First, we are under an NDA with Amazon which we believe covers content in the proposal. And second, we are still in competition for HQ2 and so want to prevent competitive information from being shared with other regions who are also competing.

Thanks again.

Mike

Greater MSP --

I am writing on behalf of Public Record Media, a St. Paul non-profit that makes public data requests for information on timely topics. You might recall that we spoke about a year and a half ago regarding Greater MSP.

I wanted to make a request for the state's formal bid for the Amazon corporate headquarters project. I understand that Greater MSP is handling the bid for the State of Minnesota.

Thanks.
