Subject: RE: trying to reach you

Hi Mike,

Your understanding as stated below is correct. Greater MSP submitted Minnesota's proposal to Amazon. The two documents I sent you last month are the only two documents DEED possesses that were part of the bid.

Shane Delaney | Communications Director

Minnesota Department of Employment and Economic Development

1st National Bank Building, 332 Minnesota St., Suite E200, St. Paul MN 55101

trying to reach you

Shane Delaney

Minnesota Department of Employment and Economic Development --

I'm writing on behalf of Public Record Media, and had a follow-up question related to the corresponding you have been doing with Matt Ehling, our executive director.

It has to do with the data request we made to DEED regarding the state's bid for Amazon's second corporate headquarters.

Just wanted to make sure we understand something: According to DEED, Greater MSP actually submitted the state's bid to Amazon. But does DEED have a copy of the bid? If so, we would like it.

We just want to get clarified whether DEED has/or does not have a copy of the bid.

Thanks.

Mike Kaszuba, Editor
