Hi Mikkell: As I'm sure you know, Walker Library is home to a number of homeless folks. I think staff need more of an awareness of the people we deal with. There are issues of sleeping, sometimes drinking, drugs. What do we tell patrons who complain and are worried that 'someone is sleeping under that tree and it's raining.' So, here's somewhat of a last minute invitation to you, or someone on your staff, to come to a Walker Library staff meeting. The date is Monday, December 14th, 2 – 3:30. I've tried to get in touch with the St. Stephen's Outreach team but so far, no response. If this date doesn't work, we can try for January, February, or whenever.

Thanks, Mikkell.
