Hey all, are either of you available for a meeting this Friday? HCMC got a large grant recently, and they are looking at creating a mobile app for social services. They want to include real-time shelter availability in this app, and don't have someone at the meeting to tell them otherwise. Also, it may be good to give them the lay of the land when it comes to other similar resources so there isn't a bunch of work focused on something that already exists.. (like 211's app). The people that have been engaged to do the app are the folks that did YSNs app. Can either of you make it? Stephanie didn't feel equipped to cover all the happenings. Let me know.

Hi Mathew- Specific info on the mtg is below. Let me know if you have someone who can attend and I will make sure they get on the invite.

Attached is the overview of the grant HCMC is working under and also a presentation of the various ideas they plan to develop with these grant funds.

Let me know if you have any questions. Hope someone from your shop can make it. Thanks!
