Subject: Geo mapping for outreach

Michelle, hope all is well. I recall your community implementing a technology (with i-pads?) that enabled outreach workers to mark electronically where persons were residing outside so you could find them letter for further engagement and linkages to housing.

I've copied Eric Grumdahl, from Minneapolis/St. Paul who works for the State and supports these two cities in solving veteran homelessness. Can you give us an update if I characterized it correctly and generally describe how it's useful and what technology you use to do it?

Happy holidays Michelle.

Subject: Ending Veteran Homelessness Boot Camp

When: Thursday, December 22, 2016 2:30 PM-5:00 PM (UTC-06:00) Central Time (US & Canada).

Where: Jelatis conference room (3rd floor), Minnesota Housing, 400 Sibley Street, St. Paul, MN

Greetings, all,

I'm writing to invite you to the next in our series of "boot camp" meetings to accelerate progress ending Veteran homelessness. This will be my last such meeting in my current role, so I hope you can join us!

I have reserved the Jelatis conference room at Minnesota Housing, on the third floor at 400 Sibley Street in St. Paul. There is limited guest parking available in marked spots in the surface parking lot located at the southeast corner of Wacouta and 8th Street East, a couple of blocks from Minnesota Housing. Otherwise, there is ample on-street parking nearby.

If you are able, please join me for a happy hour following the boot camp at the Public Kitchen + Bar, just downstairs from our meeting location. I will circulate a broader invitation to the happy hour and encourage you to invite everyone working to end Veteran homelessness in our communities.
