**Subject:** Meeting this Thursday 11-12pm at DEED

Hello all,

We are interested in your attendance at a large group meeting to discuss the Amazon request for proposal that was released last week. All of you play an important role for the larger community in general and we'd like your valuable insight as it relates to the RFP and the variety of criteria and information requested. I've attached the RFP in case you missed it.

We will meet at DEED in the JJ Hill Room from 11-12pm on Thursday September 14<sup>th</sup>. Please RSVP to [samantha.shalda@\[REDACTED\]](mailto:samantha.shalda@[REDACTED])

I suspect some of you will recognize that there are no local units of government on this email. Greater MSP is working with the cities/counties on the real estate aspects that will hopefully conclude by the 22<sup>nd</sup>. After that date we will review the submittals and the interested communities will be brought into this larger group.

We would envision a weekly meeting over the next 4-5 weeks – any response is due by October 19<sup>th</sup> and, only one response is allowed per metro area which may include more than one site. Again, if you know of a city/county/developer etc. that is interested, they need to submit any information to Greater MSP.

Finally, if there is someone else from your organization that should/could attend these meetings, please let me know. We can also discuss other organizations that could be included in this group meeting.

Regards,  
Kevin
