Michael Sheehan
Hennepin County Sheriff's Office --

Thanks for your reply.

Is this all of the correspondence, including emails, for the month of November 2016 from the sheriff's office regarding its deployment of officers to the Dakota Access Pipeline issue? As you'll recall, we asked for all internal correspondence, including emails. There seems to be just a few emails/correspondence, and what there is involves mainly press releases and answers to routine media inquiries. If this is indeed all there is, can you explain why it took a year to get to this point?

Lastly, does the sheriff's office now consider our data request fulfilled?

Let me know; thanks.

Hi Mike,

Attached is the response from your recent DPR to the Sheriff's Office.

As always, please let me know if you have any follow up questions.

V/r,
Mike
