Dave,

Sorry I didn't get back to you right away. I understand the misunderstanding about our conversation the day of the accident. When we have accidents with injuries it is our responsibility to provide the information regarding details to the press outlets. With the information we talked about and how you explained them to me, I was in the understanding that the vehicle was in autopilot based on how you explained it. Therefore, that's how it was reported.

Thanks for getting back to me and I will update my reports.

I am off duty the next 4 days and will be back Friday morning at 6:00 AM. If you need assistance with anything in the next 4 days, you can contact our dispatch center at [REDACTED] and ask to speak with a deputy.

Quin
