Subject: RE: Army Futures proposal
Hi Mike,

DEED was the lead agency and main point of contact on this project. Greater MSP assisted with gathering information on real estate sites and the organization of in-person meetings.

DEED submitted the proposal to the Army.

Shane Delaney

DEED --

OK, thanks.

Had a couple of questions: How would you describe the relationship between DEED and Greater MSP on this project? And was it DEED that submitted the proposal to the Army, or was it DEED in conjunction with Greater MSP?

Mike Kaszuba

Army Futures proposal

Hi Mike,

Per your request dated May 31, 2018, attached please find the final proposals for the Army Futures Command Center project.

If you are interested in reviewing, I have draft proposal and background information available for you to review at our offices. We are still processing email data related to this request. I anticipate that to be complete hopefully in the coming weeks.

Please let me know if you got this (the files are large) and if you would like to come by to review the other materials.

Thanks.
