Thanks, Emily! We appreciate your flexibility and let's keep in touch. May have some things to pitch to you from time to time.

Have a good weekend.

Just wanted to thank you guys for helping us get the comment from Governor Walker this afternoon. I'm so sorry for the reception issues and really appreciative of all your cooperation. Please thank the governor for me as well.

Since I grew up in Waukesha, I cover Wisconsin politics all the time and frequently highlight the good work you guys are doing. I look forward to staying in touch in the future. Please let me know if you ever need anything at all.

Here's the article I wrote this afternoon. I'm sure the video will be up soon as well. <http://www.washingtonexaminer.com/scott-walker-foxconn-development-is-bigger-than-big/article/2630054>

Hope you have a great weekend,
