Dear Mr. Kaszuba:

This letter responds to your Freedom of Information Act (FOIA) request, 2018-004155, dated February 15. Your request sought arrival and departure data for St. Paul Downtown Airport in St. Paul, MN, Flying Cloud Airport in Eden Prairie, MN, and Anoka-Blaine Airport in Blaine, MN from January 31 through February 6.

A search was conducted by the Air Traffic Organization, System Operations Services, Data Management Office using the Federal Aviation Administration's Traffic Flow Management System (TFMS). The records provided in the enclosed email represents all available data responsive to your request. Please note that the TFMS repository only has records for flights that operated under instrument flight rules (IFR), or under visual flight rules (VFR) and were tracked by air traffic control in a radar environment. The enclosed records are sorted by departure date and time and all dates and times are given in Coordinated Universal Time (UTC).

If you owe fees for the processing of this request, an invoice containing the amount due and payment instructions will be enclosed with this letter.

Sincerely,

Michael C. Artist  
Vice President, System Operations Services  
Air Traffic Organization
