Hi John,

Your application has been coordinated with NTIA for review and approval but due to the 4 of July Holidays the processing has been pushed back by the agencies. In any case, your STA should return soon.

Behnam

Good afternoon Behnam & Leann!

I hope you both have been well!

I was wondering if there was any information to be had for STA File Number 1201-EX-ST-2019, Confirmation Number EL230187?

Sierra Nevada Corporation is hoping to begin testing this week.

Thanks for whatever you can share!

all the best....
