**Subject:** Timeframe for rescinding STAs?

Good morning all..

I hope this E-mail is finding you all well.

I am E-mailing seeking information for a situation I have yet to experience hoping that you can advise me on what to share with my client.

Sierra Nevada Corporation has an STA for a high altitude stratollite over South Dakota that is attracting too much media attention and has asked about rescinding their STA. Specifically, they are curious about the amount of time it will take for the STA to be removed from the database.

Do you have any information about that?

Thanks you for whatever you can share and your continued support.

all the best....

John Winch
