Everyone,
Here is the latest for talking points. As discussed as a group, please feel free to direct media (if any) to Shane Delaney at DEED.

Thanks Jeff.

Would you mind sending over the original talking point document so I am working from the latest version?

Thanks...

All,

I just spoke to the client and they have requested a minor change in the talking points, should we receive a media request.

That adjustment is the following: to remove the reference to \$80,000 average wage (for the 50 positions) and replace it with "an aggregate payroll of \$4M" for the same number of positions. As you know, the math works out the same, but it doesn't box them in at this time, in the event some are higher and some are lower.

Thank you,

Jeff
