Dear Professor Painter,

We just have to write to let you know how much our family respects and admires you. On numerous occasions, we've watched you explaining the Trump Administration's many instances of flagrantly avoiding ethics rules and president. Stopping what we're doing to listen to your words, when you're a guest on news shows, is a highlight in the programs you're invited to participate on. You are one of the hidden gems of our democracy and we are glad that we can hear your voice on important issues facing our country now. We hope you can continue being heard as the voice of what's right and just. Thank you, thank you for your service and we wish you good health and a satisfying life ahead.

Take care
