As background, the FAA will be implementing flight restrictions at the following airports during the hours of 16:00 – 22:30 Super Bowl Sunday. Meaning no arrivals during that time and limited departures. Here are the modifications that are being requested:

**Signature Flight Support MSP**

Arrivals – No arrivals during the hours of 16:00 - 22:30  
Departures – adjust the departure slots between 16:00 – 22:30. 12 slots per hour, one every 5 minutes

**Signature Flight Support / St Paul Flight Center (STP-St Paul Downtown Airport)**

Arrivals – No arrivals during the hours of 16:00 - 22:30  
Departures – adjust the departure slots between 16:00 – 22:30. 12 slots per hour, one every 5 minutes. 10 will be allocated to Signature and 2 to St Paul Flight Center

**Crystal Airport (MIC)**

Let me know if you have any questions.
