Hi Steve:

We don't have an exact timeline from the President's Office yet. But, I think your message can be simple:

- Given the Governor's stay-at-home order and new information about peer responses, Board leadership and the President believe a pivot is needed on housing/dining credits. We need to refund more than \$1,200/student at UMTC and \$1,000/student at system campuses.
- Joan and her team are pulling together options and will present a recommendation on Friday. Board leadership fully supports the direction she's going.
- Materials will be out to Regents no later than tomorrow.

I believe Ken is suggesting to Joan that she also make individual calls to Regents ahead of Friday.
