## INTRODUCTION

Sections 9302 and 9303 of the *Elementary and Secondary Education Act (ESEA)*, as amended in 2001 provide to States the option of applying for and reporting on multiple *ESEA* programs through a single consolidated application and report. Although a central, practical purpose of the Consolidated State Application and Report is to reduce "red tape" and burden on States, the Consolidated State Application and Report are also intended to have the important purpose of encouraging the integration of State, local, and *ESEA* programs in comprehensive planning and service delivery and enhancing the likelihood that the State will coordinate planning and service delivery across multiple State and local programs. The combined goal of all educational agencies—State, local, and Federal—is a more coherent, well-integrated educational plan that will result in improved teaching and learning. The Consolidated State Application and Report includes the following *ESEA* programs:

- Title I, Part A – *Improving Basic Programs Operated by Local Educational Agencies*
- Title I, Part B, Subpart 3 – *William F. Goodling Even Start Family Literacy Programs*
- Title I, Part C – *Education of Migratory Children* (Includes the Migrant Child Count)
- Title I, Part D – *Prevention and Intervention Programs for Children and Youth Who Are Neglected, Delinquent, or At-Risk*
- Title II, Part A – *Improving Teacher Quality State Grants (Teacher and Principal Training and Recruiting Fund)*
- Title III, Part A – *English Language Acquisition, Language Enhancement, and Academic Achievement Act*
- Title IV, Part A, Subpart 1 – *Safe and Drug-Free Schools and Communities State Grants*
- Title IV, Part A, Subpart 2 – *Safe and Drug-Free Schools and Communities National Activities (Community Service Grant Program)*
- Title V, Part A – *Innovative Programs*
- Title VI, Section 6111 – *Grants for State Assessments and Related Activities*
- Title VI, Part B – *Rural Education Achievement Program*
- Title X, Part C – *Education for Homeless Children and Youths*

The *ESEA* Consolidated State Performance Report (CSPR) for school year (SY) 2012-13 consists of two Parts, Part I and Part II.

## **PART I**

Part I of the CSPR requests information related to the five *ESEA* Goals, established in the June 2002 Consolidated State Application, and information required for the Annual State Report to the Secretary, as described in Section 1111(h)(4) of the *ESEA*. The five *ESEA* Goals established in the June 2002 Consolidated State Application are:

- **Performance Goal 1:** By SY 2013-14, all students will reach high standards, at a minimum attaining proficiency or better in reading/language arts and mathematics.
- **Performance Goal 2:** All limited English proficient students will become proficient in English and reach high academic standards, at a minimum attaining proficiency or better in reading/language arts and mathematics.
- **Performance Goal 3:** By SY 2005-06, all students will be taught by highly qualified teachers.
- **Performance Goal 4:** All students will be educated in learning environments that are safe, drug free, and conducive to learning.
- **Performance Goal 5:** All students will graduate from high school.

Beginning with the CSPR SY 2005-06 collection, the Education of Homeless Children and Youths was added. The Migrant Child count was added for the SY 2006-07 collection.

## **PART II**

Part II of the CSPR consists of information related to State activities and outcomes of specific *ESEA* programs. While the information requested varies from program to program, the specific information requested for this report meets the following criteria:

1. The information is needed for Department program performance plans or for other program needs.
2. The information is not available from another source, including program evaluations pending full implementation of required ED Facts submission.
3. The information will provide valid evidence of program outcomes or results.

## GENERAL INSTRUCTIONS AND TIMELINES

All States that received funding on the basis of the Consolidated State Application for the SY 2012-13 must respond to this Consolidated State Performance Report (CSPR). Part I of the Report is due to the Department by **Friday, December 20, 2013**. Part II of the Report is due to the Department by **Friday, February 14, 2014**. Both Part I and Part II should reflect data from the SY 2012-13, unless otherwise noted.

The format states will use to submit the Consolidated State Performance Report has changed to an online submission starting with SY 2004-05. This online submission system is being developed through the Education Data Exchange Network (EDEN) and will make the submission process less burdensome. Please see the following section on transmittal instructions for more information on how to submit this year's Consolidated State Performance Report.

## TRANSMITTAL INSTRUCTIONS

The Consolidated State Performance Report (CSPR) data will be collected online from the SEAs, using the EDEN web site. The EDEN web site will be modified to include a separate area (sub-domain) for CSPR data entry. This area will utilize EDEN formatting to the extent possible and the data will be entered in the order of the current CSPR forms. The data entry screens will include or provide access to all instructions and notes on the current CSPR forms; additionally, an effort will be made to design the screens to balance efficient data collection and reduction of visual clutter.

Initially, a state user will log onto EDEN and be provided with an option that takes him or her to the "SY 2012-13 CSPR". The main CSPR screen will allow the user to select the section of the CSPR that he or she needs to either view or enter data. After selecting a section of the CSPR, the user will be presented with a screen or set of screens where the user can input the data for that section of the CSPR. A user can only select one section of the CSPR at a time. After a state has included all available data in the designated sections of a particular CSPR Part, a lead state user will certify that Part and transmit it to the Department. Once a Part has been transmitted, ED will have access to the data. States may still make changes or additions to the transmitted data, by creating an updated version of the CSPR. Detailed instructions for transmitting the SY 2012-13 CSPR will be found on the main CSPR page of the EDEN web site (<https://EDEN.ED.GOV/EDENPortal/>).

**2.1 IMPROVING BASIC PROGRAMS OPERATED BY LOCAL EDUCATIONAL AGENCIES (TITLE I, PART A)**

This section collects data on Title I, Part A programs.

**2.1.1 Student Achievement in Schools with Title I, Part A Programs**

The following sections collect data on student academic achievement on the State's assessments in schools that receive Title I, Part A funds and operate either Schoolwide programs or Targeted Assistance programs.

**2.1.1.1 Student Achievement in Mathematics in Schoolwide Schools (SWP)**

In the format of the table below, provide the number of students in SWP schools who completed the assessment and for whom a proficiency level was assigned, in grades 3 through 8 and high school, on the State's mathematics assessments under Section 1111(b)(3) of *ESEA*. Also, provide the number of those students who scored at or above proficient. The percentage of students who scored at or above proficient is calculated automatically.

Grade	# Students Who Completed the Assessment and for Whom a Proficiency Level Was Assigned	# Students Scoring at or above Proficient	Percentage at or above Proficient
3	13,632	7,438	54.56
4	12,811	7,184	56.08
5	12,213	5,251	43.00
6	8,229	3,068	37.28
7	6,151	2,016	32.78
8	5,863	2,196	37.46
High School	3,826	1,122	29.33
Total	62,725	28,275	45.08
<b>Comments:</b>			

**2.1.1.2 Student Achievement in Reading/Language Arts in Schoolwide Schools (SWP)**

This section is similar to 2.1.1.1. The only difference is that this section collects data on performance on the State's reading/language arts assessment in SWP.

Grade	# Students Who Completed the Assessment and for Whom a Proficiency Level Was Assigned	# Students Scoring at or above Proficient	Percentage at or above Proficient
3	13,527	5,324	39.36
4	12,784	4,846	37.91
5	12,167	5,474	44.99

**2.1.1.3 Student Achievement in Mathematics in Targeted Assistance Schools (TAS)**

In the table below, provide the number of all students in TAS who completed the assessment and for whom a proficiency level was assigned, in grades 3 through 8 and high school, on the State's mathematics assessments under Section 1111(b)(3) of ESEA. Also, provide the number of those students who scored at or above proficient. The percentage of students who scored at or above proficient is calculated automatically.

<b>Grade</b>	<b># Students Who Completed the Assessment and for Whom a Proficiency Level Was Assigned</b>	<b># Students Scoring at or above Proficient</b>	<b>Percentage at or above Proficient</b>

## 2.1.2 Title I, Part A Student Participation

The following sections collect data on students participating in Title I, Part A by various student characteristics.

### 2.1.2.1 Student Participation in Public Title I, Part A by Special Services or Programs

In the table below, provide the number of public school students served by either Public Title I SWP or TAS programs at any time during the regular school year for each category listed. Count each student only once in each category even if the student participated during more than one term or in more than one school or district in the State. Count each student in as many of the categories that are applicable to the student. Include pre-kindergarten through grade 12. Do not include the following individuals: (1) adult participants of adult literacy programs funded by Title I, (2) private school students participating in Title I programs operated by local educational agencies, or (3) students served in Part A local neglected programs.

Special Services or Programs	# Students Served
Children with disabilities ( <i>IDEA</i> )	29,465
Limited English proficient students	40,931
Students who are homeless	7,112
Migratory students	522
<b>Comments:</b>	

### 2.1.2.2 Student Participation in Public Title I, Part A by Racial/Ethnic Group

In the table below, provide the unduplicated number of public school students served by either public Title I SWP or TAS at any time during the regular school year. Each student should be reported in only one racial/ethnic category. Include pre-kindergarten through grade 12. The total number of students served will be calculated automatically.

Do not include: (1) adult participants of adult literacy programs funded by Title I, (2) private school students participating in Title I programs operated by local educational agencies, or (3) students served in Part A local neglected programs.

Race/Ethnicity	# Students Served
American Indian or Alaska Native	8,010
Asian	22,729
Black or African American	41,583
Hispanic or Latino	27,635
Native Hawaiian or other Pacific Islander	157
White	85,045
Two or more races	7,341
Total	192,500
<b>Comments:</b>	

**2.1.2.3 Student Participation in Title I, Part A by Grade Level**

In the table below, provide the unduplicated number of students participating in Title I, Part A programs by grade level and by type of program: Title I public targeted assistance programs (Public TAS), Title I schoolwide programs (Public SWP), private school students participating in Title I programs (private), and Part A local neglected programs (local neglected). The totals column by type of program will be automatically calculated.

Age/Grade	Public TAS	Public SWP	Private	Local Neglected	Total
Age 0-2	12	287	0	0	299
Age 3-5 (not Kindergarten)	50	1,592	24	0	1,666

**2.1.2.4 Student Participation in Title I, Part A Targeted Assistance Programs by Instructional and Support Services**

The following sections collect data about the participation of students in TAS.

**2.1.2.4.1 Student Participation in Title I, Part A Targeted Assistance Programs by Instructional Services**

In the table below, provide the number of students receiving each of the listed instructional services through a TAS program funded by Title I, Part A. Students may be reported as receiving more than one instructional service. However, students should be reported only once for each instructional service regardless of the frequency with which they received the service.

<b>TAS instructional service</b>	<b># Students Served</b>
Mathematics	15,472
Reading/language arts	22,352
Science	540
Social studies	182
Vocational/career	0
Other instructional services	171
<b>Comments:</b>	

**2.1.2.4.2 Student Participation in Title I, Part A Targeted Assistance Programs by Support Services**

In the table below, provide the number of students receiving each of the listed support services through a TAS program funded by Title I, Part A. Students may be reported as receiving more than one support service. However, students should be reported only once for each support service regardless of the frequency with which they received the service.

<b>TAS Support Service</b>	<b># Students Served</b>
Health, dental, and eye care	138
Supporting guidance/advocacy	966
Other support services	108
<b>Comments:</b>	

**2.1.3 Staff Information for Title I, Part A Targeted Assistance Programs (TAS)**

In the table below, provide the number of full-time equivalent (FTE) staff funded by a Title I, Part A TAS in each of the staff categories. For staff who work with both TAS and SWP, report only the FTE attributable to their TAS responsibilities.

For paraprofessionals only, provide the percentage of paraprofessionals who were qualified in accordance with Section 1119 (c) and (d) of *ESEA*.

See the FAQs following the table for additional information.

Staff Category	Staff FTE	Percentage Qualified
Teachers	152	
Paraprofessionals <sup>1</sup>		
Other paraprofessionals (translators, parental involvement, computer assistance) <sup>2</sup>

Administrators (non-clerical)		
<b>Comments:</b> Data not available.		

FAQs on staff information

- a. What is a "*paraprofessional*?" An employee of an LEA who provides instructional support in a program supported with Title I, Part A funds. Instructional support includes the following activities:
  - (a) Providing one-on-one tutoring for eligible students, if the tutoring is scheduled at a time when a student would not otherwise receive instruction from a teacher;
  - (b) Providing assistance with classroom management, such as organizing instructional and other materials;
  - (c) Providing assistance in a computer laboratory;
  - (d) Conducting parental involvement activities;
  - (e) Providing support in a library or media center;
  - (f) Acting as a translator; or
  - (g) Providing instructional services to students.
- b. What is an "other paraprofessional?" Paraprofessionals who do not provide instructional support, for example, paraprofessionals who are translators or who work with parental involvement or computer assistance.
- c. Who is a qualified paraprofessional? A paraprofessional who has (1) completed 2 years of study at an institution of higher education; (2) obtained an associate's (or higher) degree; or (3) met a rigorous standard of quality and been able to demonstrate, through a formal State or local academic assessment, knowledge of and the ability to assist in instructing reading, writing, and mathematics (or, as appropriate, reading readiness, writing readiness, and mathematics readiness) (Sections 1119(c) and (d).) For more information on qualified paraprofessionals, please refer to the Title I paraprofessionals Guidance, available at: <http://www.ed.gov/policy/elsec/guid/paraguidance.doc>

<sup>1</sup> Consistent with *ESEA*, Title I, Section 1119(g)(2).

<sup>2</sup> Consistent with *ESEA*, Title I, Section 1119(e).

**2.1.3.1 Paraprofessional Information for Title I, Part A Schoolwide Programs**

In the table below, provide the number of FTE paraprofessionals who served in SWP and the percentage of these paraprofessionals who were qualified in accordance with Section 1119 (c) and (d) of *ESEA*. Use the additional guidance found below the previous table.

Paraprofessional Information	Paraprofessionals FTE	Percentage Qualified
Paraprofessionals <sup>3</sup>	976.00	100.00
<b>Comments:</b>		

<sup>3</sup> Consistent with *ESEA*, Title I, Section 1119(g)(2).

**2.1.4 Parental Involvement Reservation Under Title I, Part A**

In the table below provide information on the amount of Title I, Part A funds reserved by LEAs for parental involvement activities under Section 1118 (a)(3) of the ESEA. The percentage of LEAs FY 2012 Title I Part A allocations reserved for parental involvement will be automatically calculated from the data entered in Rows 2 and 3.

<b>Parental Involvement Reservation</b>	<b>LEAs that Received a Federal Fiscal Year (FY) 2012 (School Year 2012–2013) Title I, Part A Allocation of \$500,000 or less</b>	<b>LEAs that Received a Federal fiscal year (FY) 2012 (School Year 2012–2013) Title I, Part A Allocation of more than \$500,000</b>
Number of LEAs*	414	42
Sum of the amount reserved by LEAs for parental Involvement	200,906	943,752
Sum of LEAs' FY 2012 Title I, Part A allocations	52,728,415	94,390,045
Percentage of LEA's FY 2012 Title I, Part A allocations reserved for parental involvement	0.40	1.00

\*The sum of Column 2 and Column 3 should equal the number of LEAs that received an FY 2012 Title I, Part A allocation.

**In the comment box below, provide examples of how LEAs in your State used their Title I Part A, set-aside for parental involvement during SY 2012–2013.**

### 2.3 EDUCATION OF MIGRANT CHILDREN (TITLE I, PART C)

This section collects data on the Migrant Education Program (Title I, Part C) for the performance period of September 1, 2012 through August 31, 2013. This section is composed of the following subsections:

- Population data of eligible migrant children
- Academic data of eligible migrant students
- Participation data of migrant children served during either the regular school year, summer/intersession term, or program year
- School data
- Project data
- Personnel data

Where the table collects data by age/grade, report children in the highest age/grade that they attained during the performance period. For example, a child who turns 3 during the performance period would only be performance in the "Age 3 through 5 (not Kindergarten)" row.

#### 2.3.1 Migrant Child Counts

This section collects the Title I, Part C, Migrant Education Program (MEP) child counts which States are required to provide and may be used to determine the annual State allocations under Title I, Part C. The child counts should reflect the performance period of September 1, 2012 through August 31, 2013. This section also collects a report on the procedures used by States to produce true, reliable, and valid child counts.

To provide the child counts, each SEA should have sufficient procedures in place to ensure that it is counting only those children who are eligible for the MEP. Such procedures are important to protecting the integrity of the State's MEP because they permit the early discovery and correction of eligibility problems and thus help to ensure that only eligible migrant children are counted for funding purposes and are served. If an SEA has reservations about the accuracy of its child counts, it must inform the Department of its concerns and explain how and when it will resolve them in the box below, which precedes Section 2.3.1.1 *Category 1 Child Count*.

**Note:** In submitting this information, the Authorizing State Official must certify that, to the best of his/her knowledge, the child counts and information contained in the report are true, reliable, and valid and that any false Statement provided is subject to fine or imprisonment pursuant to 18 U.S.C. 1001.

#### FAQs on Child Count:

1. *How is "out-of-school" defined?* Out-of-school means children up through age 21 who are entitled to a free public education in the State but are not currently enrolled in a K-12 institution. This could include students who have dropped out of school in the previous performance period (September 1, 2011 v August 31, 2012), youth who are working on a GED outside of a K-12 institution, and youth who are "here-to-work" only. It does not include preschoolers, who are counted by age grouping. Children who were enrolled in school for at least one day, but dropped out of school during the performance period should be counted in the highest age/grade level attained during the performance period.
2. *How is "ungraded" defined?* Ungraded means the children are served in an educational unit that has no separate grades. For example, some schools have primary grade groupings that are not traditionally graded, or ungraded groupings for children with learning disabilities. In some cases, ungraded students may also include special education children, transitional bilingual students, students working on a GED through a K-12 institution, or those in a correctional setting. (Students working on a GED outside of a K-12 institution are counted as out-of-school youth.)

In the space below, discuss any concerns about the accuracy of the reported child counts or the underlying eligibility determinations on which the counts are based and how and when these concerns will be resolved.

The response is limited to 8,000 characters.

**Comments:**

#### 2.3.1.1 Category 1 Child Count (Eligible Migrant Children)

In the table below, enter the unduplicated statewide number by age/grade of **eligible** migrant children age 3 through 21 who, within 3 years of making a qualifying move, resided in your State for one or more days during the performance period of September 1, 2012 through August 31, 2013. This figure includes all eligible migrant children who may or may not have participated in MEP services. Count a child who moved from one age/grade level to another during the performance period only once in the highest age/grade that he/she attained during the performance period. The unduplicated statewide total count is

calculated automatically.

Do not include:

- Children age birth through 2 years
- Children served by the MEP (under the continuation of services authority) after their period of eligibility has expired when other services are not available to meet their needs
- Previously eligible secondary-school children who are receiving credit accrual services (under the continuation of services authority).

In the table below, enter by age/grade the unduplicated statewide number of **eligible** migrant children age 3 through 21 who, within 3 years of making a qualifying move, were **served** for one or more days in a MEP-funded project conducted during either the summer term or during intersession periods that occurred within the performance period of September 1, 2012 through August 31, 2013. Count a child who moved from one age/grade level to another during the performance period only once in the highest age/grade that he/she attained during the performance period. Count a child who moved to different schools within the State and who was served in both traditional summer and year-round school intersession programs only once. The unduplicated statewide total count is calculated automatically.

Do not include:

- Children age birth through 2 years
- Children served by the MEP (under the continuation of services authority) after their period of eligibility has expired when other services are not available to meet their needs.
- Previously eligible secondary-school children who are receiving credit accrual services (under the continuation of services authority).
- Children who received only referred services (non-MEP funded).

**2.3.1.2.1 Category 2 Child Count Increases/Decreases**

In the space below, explain any increases or decreases from last year in the number of students reported for Category 2 greater than 10 percent.

The response is limited to 8,000 characters.

**Comments:** Minnesota MEP generally does not fund service for 3-5 year olds. These students had been included in previous submissions.

**2.3.1.2.2 Birth through Two Eligible Migrant Children Served by the MEP During the Summer/Intersession Term**

In the table below, enter the unduplicated statewide number of eligible migrant children from age birth through 2 who, within 3 years of making a qualifying move, were served for one or more days in a MEP-funded project conducted during either the summer term or during intersession periods that occurred within the performance period of September 1, 2012 through August 31, 2013. Count a child who moved to different schools within the State and who was served in both traditional summer and year-round school intersession programs only once.

Do not include:

- Children who received only referred services (non-MEP funded).

**2.3.1.3.2 Data Collection and Management Procedures**

In the space below, please respond to the following question:

<b>Data Collection and Management Procedures</b>	<b>(Yes/No)</b>
Does the State collect all the required data elements and data sections on the National Certificate of Eligibility (COE)?	Yes

**2.3.1.3.3 Methods Used To Count Children**

In the space below, please describe the procedures and processes at the State level used to ensure all eligible children are accounted for in the performance period . In particular, describe how the State includes and counts only:

- Children who were age 3 through 21
- Children who met the program eligibility criteria (e.g., were within 3 years of a qualifying move, had a qualifying activity)
- Children who were resident in your State for at least 1 day during the performance period (September 1 through August 31)
- Children who – in the case of Category 2 – were served for one or more days in a MEP-funded project conducted during either the summer term or during intersession periods
- Children counted once per age/grade level for each child count category
- Children two years of age that turned three years old during the performance period.

The response is limited to 8,000 characters.

Minnesota uses the MIS2000 database for migrant student data. MIS2000 is programmed to only allow specific qualifying arrival dates, valid age ranges (3-21) as well as a child's eligibility expiration dates. Every time a child's data are entered in MIS2000, the program checks to make sure that the child's age and grade status are eligible to be counted. If data entry staff attempt to enter data that is outside those acceptable ranges, the database system will refuse further data entry. This also happens with eligibility expiration dates, residency dates and Qualifying Arrival Dates. If a child graduates or receives their GED the expiration date is manually changed to the date of graduation or the day they receive their GED by the data entry coordinator.

After data is entered, the data entry coordinator edits to eliminate duplicate student records by looking at fields (name, date of birth, etc.) to determine whether multiple records are being kept for the same student. One of these checks is to ensure an accurate child count is late name/first name matching. When a new Certificate of Eligibility (COE) is reviewed for eligibility, that name is then entered as a query of similar last/first names is made to ascertain if the spelling could be different (e.g. Hernandez vs. Hernandes). If there is a close match, the date of birth, parents' names and other data are compared. If the two separate children are the same person their records are merged to create one unique student. This ensures the accuracy of the Category 1 count along with the Category 2 count.

Safeguards for valid qualifying activities are taken by the Identification and Recruitment Manager and MEP Specialist on every COE received and inputted in Minnesota. They both review COEs for completeness and validity, returning those to the recruiter when not acceptable. Every child that is entered into the MIS2000 database is assigned a unique number. Every time a data entry coordinator enters a child's name, they must do a query based on child's last and first name and date of birth. If a match is found, then a new number is not created, thus ensuring only unique students are counted. If a match is not found, the child is assigned a unique number.

There are a few different ways the state ensures that only children who were residents for at least 1 day between September 1, 2012 to August 31, 2013 are counted. If a child has a Qualifying Arrival Date between those dates they are counted. If a child is in their 2nd or 3rd year of eligibility, we determine their residency by collecting information from school districts. Those students who do reside in the state during that period are also counted.

Summer MEP-funded projects submit data on services provided to individual students. The data is entered into MIS2000 under the Services Tab. The business rules are designed to only count students enrolled in a funded MEP summer program between 6/1/13 - 8/31/13 with a service attached to the record. This ensures we are only counting those children who received services.

The state has designed its business rules to ensure that only children two years of age that turned three years old during the performance period are counted. If a child turned 3 after they left the state, they would not be included.

How does the State ensure that the system that transmits migrant data to the Department accurately accounts for all the migrant children in every ED Facts data file?

Minnesota employs a combination of double-checking data entry, systematic student identity validation, program area business rule evaluation and approval, continuous data quality evaluation procedures and program area review of the final data prior to submission of data to ED Facts. In addition, all data is again reviewed once populated into CSPR to ensure that all migrant students are accounted for in each ED Facts file. Throughout the process, staff (both program and IT) continually monitor and check our systems, protocols and quality assurance procedures.

<b>Use of MSIX to Verify Data Quality</b>	<b>(Yes/No)</b>
Does the State use data in the Migrant Student Information Exchange (MSIX) to verify the quality of migrant data?	No

If MSIX is utilized, please explain how.

The response is limited to 8,000 characters.

**2.3.1.3.4 Quality Control Processes**

In the space below, respond to the following questions :

Quality Control Processes	Yes/No
Is student eligibility based on a personal interview (face-to-face or phone call) with a parent, guardian, or other responsible adult, or youth-as-worker?	Yes
Do the SEA and/or regional offices train recruiters at least annually on eligibility requirements, including the basic eligibility definition, economic necessity, temporary vs. seasonal, processing, etc.?	Yes
Does the SEA have a formal process, beyond the recruiter's determination, for reviewing and ensuring the accuracy of written eligibility information [e.g., COEs are reviewed and initialed by the recruiter's supervisor and/or other reviewer(s)]?	Yes
Are incomplete or otherwise questionable COEs returned to the recruiter for correction, further explanation, documentation, and/or verification?	Yes
Does the SEA provide recruiters with written eligibility guidance (e.g., a handbook)?	Yes
Does the SEA review student attendance at summer/inter-session projects?	Yes
Does the SEA have both a local and state-level process for resolving eligibility questions?	Yes
Are written procedures provided to regular school year and summer/intersession personnel on how to collect and report pupil enrollment and withdrawal data?	Yes
Are records/data entry personnel provided training on how to review regular school year and summer/inter-session site records, input data, and run reports used for child count purposes?	Yes

The response is limited to 8,000 characters.

All migrant children, ages 3 through 21, who were recruited (i.e., whose eligibility was determined) for the MEP in our state during the current year will be included in the sampling universe. The current year is defined as September 1 through August 31.

MN will use a rolling sample, where sampling and interviewing are done continuously throughout the current year. In order to ensure that all students are taken into account during the selection process, CERQInfo SNAP Report are run, which was created on MIS2000 for the sole purpose of randomly selecting students for re-interviews. The report includes basic information needed to initiate the re-interview process including, but not limited to, the date the COE was entered into MIS2000; the child's Full Name, Date of Birth and Qualifying Arrival Date; Parents' Full Name, Address, Phone Number; and the name of the Recruiter who conducted the initial interview. The report is run the 1st day of each month for the previous month. For example, if the report is run on October 1st, the date ranges for this report would be 9/1 to 9/30. After running the report, the MEP Specialist cross checks the information to eliminate any duplicates, by sorting and reviewing the information by Child's First and Last Name. Once the data has been reviewed, it is sorted, added and saved on to a Master Re-Interview Spreadsheet,

according to the date the COE was entered into MIS2000, in order to ensure the continuity of the data. The rolling sample selection process begins. MN identifies approximately 1,800 migrant students between September 1st and August 31st every year. We will re-interview 68 migrant children in order to obtain a completed sample of 50 children. The 68 children will be identified from MIS2000 by pulling every 26th child that is entered. Each state recruiter will have a chance for at least one of the COEs he or she completed to be selected for re-interviewing each year. The sample will be by child and will count only the sampled child in the re-interview.

Current training plans were reviewed and it was determined that recruiters needed additional training on how to properly identify migrant families who moved from another country as refugees as well as how to determine eligibility based on prior moves. As a result of this, recruiters received additional training and support in these areas.

**2.3.3 MEP Participation Data – Regular School Year**

The following questions collect data about the participation of migrant children in MEP-funded services during the regular school year.

Participating migrant children include:

- Children who received instructional or support services funded in whole or in part with MEP funds.
- Eligible migrant children and children who continued to receive MEP-funded services: (1) during the term their eligibility ended, (2) for one additional school year after their eligibility ended, if comparable services were not available through other programs, and (3) in secondary school after their eligibility ended, and served through credit accrual programs until graduation [e.g., children served under the continuation of services authority, Section 1304(e) (1–3)].

Do not include:

- Children who were served through a Title I Schoolwide Program (SWP) where MEP funds were consolidated with those of other programs.
- Children who received only referred services (non-MEP funded).
- Children who were only served during the summer/intersession term.

**FAQ on Services:**

*What are services?* Services are a subset of all allowable activities that the MEP can provide through its programs and projects. "Services" are those educational or educationally related activities that: (1) directly benefit a migrant child; (2) address a need of a migrant child consistent with the SEA's comprehensive needs assessment and service delivery plan; (3) are grounded in scientifically based research or, in the case of support services, are a generally accepted practice; and (4) are designed to enable the program to meet its measurable outcomes and contribute to the achievement of the State's performance targets. Activities related to identification and recruitment activities, parental involvement, program evaluation, professional development, or administration of the program are examples of allowable activities that are not considered services. Other examples of an allowable activity that would not be considered a service would be the one-time act of providing instructional packets to a child or family, and handing out leaflets to migrant families on available reading programs as part of an effort to increase the reading skills of migrant children. Although these are allowable activities, they are not services because they do not meet all of the criteria above.

#### FAQs on Support Services:

- a. *What are support services?* These MEP-funded services include, but are not limited to, health, nutrition, counseling, and social services for migrant families; necessary educational supplies, and transportation. The one-time act of providing instructional or informational packets to a child or family does not constitute a support service.
- b. *What are counseling services?* Services to help a student to better identify and enhance his or her educational, personal, or occupational potential; relate his or her abilities, emotions, and aptitudes to educational and career opportunities; utilize his or her abilities in formulating realistic plans; and achieve satisfying personal and social development. These activities take place between one or more counselors and one or more students as counselees, between students and students, and between counselors and other staff members. The services can also help the child address life problems or personal crisis that result from the culture of migrancy.

**2.3.4.4.1 Type of Instructional Service**

In the table below, provide the number of **participating** migrant children reported in the table above who received reading instruction, mathematics instruction, or high school credit accrual during the summer/intersession term. Include children who received such instructional services provided by a teacher only. Children may be reported as having received more than one type of instructional service in the table. However, children should be reported only once within each type of instructional service that they received regardless of the frequency with which they received the instructional service. The totals are calculated automatically.

**FAQ on Types of Instructional Services:**

What is *"high school credit accrual"*? Instruction in courses that accrue credits needed for high school graduation provided by a teacher for students on a regular or systematic basis, usually for a predetermined period of time. Includes correspondence courses taken by a student under the supervision of a teacher.

**2.3.4.4.2 Support Services with Breakout for Counseling Service – During the Summer/Intersession Term**

In the table below, in the column titled **Support Services**, provide the unduplicated number of **participating** migrant children who received any MEP-funded support service during the summer/intersession term. In the column titled **Counseling Service**, provide the unduplicated number of **participating** migrant children who received a counseling service during the summer/intersession term. **FAQs on Support Services:**

- a. *What are support services?* These MEP-funded services include, but are not limited to, health, nutrition, counseling, and social services for migrant families; necessary educational supplies, and transportation. The one-time act of providing instructional or informational packets to a child or family does not constitute a support service.
- b. *What are counseling services?* Services to help a student to better identify and enhance his or her educational, personal, or occupational potential; relate his or her abilities, emotions, and aptitudes to educational and career opportunities; utilize his or her abilities in formulating realistic plans; and achieve satisfying personal and social development. These activities take place between one or more counselors and one or more students as counselees, between students and students, and between counselors and other staff members. The services can also help the child address life problems or personal crisis that result from the culture of migrancy.

**2.3.5 MEP Participation – Performance Period**

In the table below, provide the unduplicated number of **participating** migrant children who received MEP-funded instructional or support services at any time during the performance period. Do not count the number of times an individual child received a service intervention. The total number of students served is calculated automatically.

**2.3.6 School Data - During the Regular School Year**

The following questions are about the enrollment of eligible migrant children in schools during the regular school year.

**2.3.6.1 Schools and Enrollment - During the Regular School Year**

In the table below, provide the number of public schools that enrolled **eligible** migrant children at any time during the regular school year. Schools include public schools that serve school age (e.g., grades K through 12) children. Also, provide the number of **eligible** migrant children who were enrolled in those schools. Since more than one school in a State may enroll the same migrant child at some time during the regular school year, the number of children may include duplicates.

Schools	#
Number of schools that enrolled eligible migrant children	239
Number of eligible migrant children enrolled in those schools	1,422
<b>Comments:</b> Change is due to improvements in data collection practices.	

**2.3.6.2 Schools Where MEP Funds Were Consolidated in School Wide Programs (SWP) – During the Regular School Year**

In the table below, provide the number of schools where MEP funds were consolidated in an SWP. Also, provide the number of **eligible** migrant children who were enrolled in those schools at any time during the regular school year. Since more than one school in a State may enroll the same migrant child at some time during the regular school year, the number of children may include duplicates.

### 2.3.7 MEP Project Data

The following questions collect data on MEP projects.

#### 2.3.7.1 Type of MEP Project

In the table below, provide the number of projects that are funded in whole or in part with MEP funds. A MEP project is the entity that receives MEP funds from the State or through an intermediate entity that receives the MEP funds from the State and provides services directly to the migrant child. Do not include projects where MEP funds were consolidated in SWP.

Also, provide the number of migrant children **participating** in the projects. Since children may participate in more than one project, the number of children may include duplicates.

Type of MEP Project	Number of MEP Projects	Number of Migrant Children Participating in the Projects
Regular school year - school day only	27	838
Regular school year - school day/extended day	0	0
Summer/intersession only	10	513
Year round	0	0
<b>Comments:</b>		

#### FAQs on type of MEP project:

- a. *What is a project?* A project is any entity that receives MEP funds and provides services directly to migrant children in accordance with the State Service Delivery Plan and State approved subgrant applications or contracts. A project's services may be provided in one or more sites. Each project should be counted once, regardless of the number of sites in which it provides services.
- b. *What are Regular School Year – School Day Only projects?* Projects where all MEP services are provided during the school day during the regular school year.
- c. *What are Regular School Year – School Day/Extended Day projects?* Projects where some or all MEP services are provided during an extended day or week during the regular school year (e.g., some services are provided during the school day and some outside of the school day; e.g., all services are provided outside of the school day).
- d. *What are Summer/Intersession Only projects?* Projects where all MEP services are provided during the summer/intersession term.
- e. *What are Year Round projects?* Projects where all MEP services are provided during the regular school year and summer/intersession term.

### 2.3.8 MEP Personnel Data

The following questions collect data on MEP personnel data.

#### 2.3.8.1 MEP State Director

In the table below, provide the FTE amount of time the State director performs MEP duties (regardless of whether the director is funded by State, MEP, or other funds) during the performance period (e.g., September 1 through August 31).

<b>State Director FTE</b>	0.30
<b>Comments:</b>	

#### FAQs on the MEP State director

- a. *How is the FTE calculated for the State director?* Calculate the FTE using the number of days worked for the MEP. To do so, first define how many full-time days constitute one *FTE* for the State director in your State for the performance period. To calculate the FTE number, sum the total days the State director worked for the MEP during the performance period and divide this sum by the number of full-time days that constitute one FTE in the performance period.
- b. *Who is the State director?* The manager within the SEA who administers the MEP on a Statewide basis.

**2.3.8.2 MEP Staff**

In the table below, provide the headcount and FTE by job classification of the staff funded by the MEP. Do **not** include staff employed in SWP where MEP funds were combined with those of other programs.

Job Classification	Regular School Year		Summer/Intersession Term	
	Headcount	FTE	Headcount	FTE
Teachers			66	51
Counselors			3	1
All paraprofessionals			42	38
Recruiters			7	6
Records transfer staff			6	4
Administrators			9	8
<b>Comments:</b>				

**Note:** The Headcount value displayed represents the greatest whole number submitted in file specification N/X065 for the corresponding Job Classification. For example, an ESS submitted value of 9.8 will be represented in your CSPR as 9.

**FAQs on MEP staff:**

- a. *How is the FTE calculated?* The FTE may be calculated using one of two methods:
  1. To calculate the FTE, in each job category, sum the percentage of time that staff were funded by the MEP and enter the total FTE for that category.
  2. Calculate the FTE using the number of days worked. To do so, first define how many full-time days constitute one FTE for each job classification in your State for each term. (For example, one regular-term FTE may equal 180 full-time (8 hour) work days; one summer term FTE may equal 30 full-time work days; or one intersession FTE may equal 45 full-time work days split between three 15-day non-contiguous blocks throughout the year.) To calculate the FTE number, sum the total days the individuals worked in a particular job classification for a term and divide this sum by the number of full-time days that constitute one FTE in that term.
- b. *Who is a teacher?* A classroom instructor who is licensed and meets any other teaching requirements in the State.
- c. *Who is a counselor?* A professional staff member who guides individuals, families, groups, and communities by assisting them in problem-solving, decision-making, discovering meaning, and articulating goals related to personal, educational, and career development.
- d. *Who is a paraprofessional?* An individual who: (1) provides one-on-one tutoring if such tutoring is scheduled at a time when a student would not otherwise receive instruction from a teacher; (2) assists with classroom management, such as organizing instructional and other materials; (3) provides instructional assistance in a computer laboratory; (4) conducts parental involvement activities; (5) provides support in a library or media center; (6) acts as a translator; or (7) provides instructional support services under the direct supervision of a teacher (Title I, Section 1119(g)(2)). Because a paraprofessional provides instructional support, he/she should not be providing planned direct instruction or introducing to students new skills, concepts, or academic content. Individuals who work in food services, cafeteria or playground supervision, personal care services, non-instructional computer assistance, and similar positions are not considered paraprofessionals under Title I.
- e. *Who is a recruiter?* A staff person responsible for identifying and recruiting children as eligible for the MEP and documenting their eligibility on the Certificate of Eligibility.
- f. *Who is a record transfer staffer?* An individual who is responsible for entering, retrieving, or sending student records from or to another school or student records system.
- g. *Who is an administrator?* A professional staff member, including the project director or regional director. The SEA MEP Director should not be included.

**2.3.8.3 Qualified Paraprofessionals**

In the table below, provide the headcount and FTE of the qualified paraprofessionals funded by the MEP. Do **not** include staff employed in SWP where MEP funds were combined with those of other programs.

Type of Professional funded by MEP	Regular School Year		Summer/Intersession Term	
	Headcount	FTE	Headcount	FTE
Qualified Paraprofessionals	0	0.00	38	34.80
<b>Comments:</b> Not applicable.				

**FAQs on qualified paraprofessionals:**

- a. *How is the FTE calculated?* The FTE may be calculated using one of two methods:
  1. To calculate the FTE, sum the percentage of time that staff were funded by the MEP and enter the total FTE for that category.
  2. Calculate the FTE using the number of days worked. To do so, first define how many full-time days constitute one FTE in your State for each term. (For example, one regular-term FTE may equal 180 full-time (8 hour) work days; one summer term FTE may equal 30 full-time work days; or one intersession FTE may equal 45 full-time work days split between three 15-day non-contiguous blocks throughout the year.) To calculate the FTE number, sum the total days the individuals worked for a term and divide this sum by the number of full-time days that constitute one FTE in that term.
- b. *Who is a qualified paraprofessional?* A qualified paraprofessional must have a secondary school diploma or its recognized equivalent and have (1) completed 2 years of study at an institution of higher education; (2) obtained an associate's (or higher) degree; or (3) met a rigorous standard of quality and be able to demonstrate, through a formal State or local academic assessment, knowledge of and the ability to assist in instructing reading, writing, and mathematics (or, as appropriate, reading readiness, writing readiness, and mathematics readiness) (Sections 1119(c) and (d) of ESEA).

## 2.4 PREVENTION AND INTERVENTION PROGRAMS FOR CHILDREN AND YOUTH WHO ARE NEGLECTED, DELINQUENT, OR AT RISK (TITLE I, PART D, SUBPARTS 1 AND 2)

This section collects data on programs and facilities that serve students who are neglected, delinquent, or at risk under Title I, Part D, and characteristics about and services provided to these students.

Throughout this section:

- Report data for the program year of July 1, 2012 through June 30, 2013.
- Count programs/facilities based on how the program was classified to ED for funding purposes.
- Do not include programs funded solely through Title I, Part A.
- Use the definitions listed below:
  - **Adult Corrections:** An adult correctional institution is a facility in which persons, including persons 21 or under, are confined as a result of conviction for a criminal offense.
  - **At-Risk Programs:** Programs operated (through LEAs) that target students who are at risk of academic failure, have a drug or alcohol problem, are pregnant or parenting, have been in contact with the juvenile justice system in the past, are at least 1 year behind the expected age/grade level, have limited English proficiency, are gang members, have dropped out of school in the past, or have a high absenteeism rate at school.
  - **Juvenile Corrections:** An institution for delinquent children and youth is a public or private residential facility other than a foster home that is operated for the care of children and youth who have been adjudicated delinquent or in need of supervision. Include any programs serving adjudicated youth (including non-secure facilities and group homes) in this category.
  - **Juvenile Detention Facilities:** Detention facilities are shorter-term institutions that provide care to children who require secure custody pending court adjudication, court disposition, or execution of a court order, or care to children after commitment.
  - **Neglected Programs:** An institution for neglected children and youth is a public or private residential facility, other than a foster home, that is operated primarily for the care of children who have been committed to the institution or voluntarily placed under applicable State law due to abandonment, neglect, or death of their parents or guardians.
  - **Other:** Any other programs, not defined above, which receive Title I, Part D funds and serve non-adjudicated children and youth.

**2.4.1 State Agency Title I, Part D Programs and Facilities – Subpart 1**

The following questions collect data on Title I, Part D, Subpart 1 programs and facilities.

**2.4.1.1 Programs and Facilities - Subpart 1**

In the table below, provide the number of State agency Title I, Part D, Subpart 1 programs and facilities that serve neglected and delinquent students and the average length of stay by program/facility type, for these students.

Report only programs and facilities that received Title I, Part D, Subpart 1 funding during the reporting year. Count a facility once if it offers only one type of program. If a facility offers more than one type of program (i.e., it is a multipurpose facility), then count each of the separate programs. The total number of programs/facilities will be automatically calculated. Below the table is a FAQ about the data collected in this table.

State Program/Facility Type	# Programs/Facilities	Average Length of Stay in Days
Neglected programs	0	0
Juvenile detention	1	54
Juvenile corrections	1	365
Adult corrections	0	0
Other	0	0
Total	2	
<b>Comments:</b>		

**FAQ on Programs and Facilities - Subpart 1:**

*How is average length of stay calculated?* The average length of stay should be weighted by number of students and should include the number of days, per visit, for each student enrolled during the reporting year, regardless of entry or exit date. Multiple visits for students who entered more than once during the reporting year can be included. The average length of stay in days should not exceed 365.

**2.4.1.1.1 Programs and Facilities That Reported - Subpart 1**

In the table below, provide the number of State agency Title I, Part D, Subpart 1 programs/facilities that reported data on neglected and delinquent students.

The total row will be automatically calculated.

**2.4.1.2 Students Served – Subpart 1**

In the tables below, provide the number of neglected and delinquent students served in State agency Title I, Part D, Subpart 1 programs and facilities. Report only students who received Title I, Part D, Subpart 1 services during the reporting year. In the first table, provide in row 1 the unduplicated number of students served by each program, and in row 2, the total number of students in row 1 who are long-term. In the subsequent tables provide the number of students served by disability (IDEA) and limited English proficiency (LEP), by race/ethnicity, by sex, and by age. The total number of students by race/ethnicity, by sex and by age will be automatically calculated.

If the total number of students differs by demographics, please explain in comment box below.

This response is limited to 8,000 characters.

**Comments:** Zero count rows were submitted in EDEN.

**FAQ on Unduplicated Count:**

*What is an unduplicated count?* An unduplicated count is one that counts students only once, even if they were admitted to a facility or program multiple times within the reporting year.

**FAQ on long-term:**

*What is long-term?* Long-term refers to students who were enrolled for at least 90 consecutive calendar days from July 1, 2012 through June 30, 2013.

**2.4.1.3.1 Transition Services in Subpart 1**

In the first row of the table below indicate whether programs/facilities receiving Subpart 1 funds within the State are able to track student outcomes after leaving the program or facility by entering Yes or No. If not, provide more information in the comment field. In the second row, provide the unduplicated count of students receiving transition services that specifically target planning for further schooling and/or employment.

This response is limited to 4,000 characters.

**Comments:** Data collection efforts did not yield consistent data in this area.

**2.4.1.3.2 Academic and Vocational Outcomes While in the State Agency Program/Facility or Within 90 Calendar Days After Exit**

In the table below, for each program type, first provide the unduplicated number of students who attained academic and vocational outcomes while enrolled in the State agency program/facility and next provide the unduplicated number of students who attained academic and vocational outcomes within 90 calendar days after exiting. If a student attained an outcome once in the program/facility and once during the 90 day transition period, that student may be counted once in each column separately.

**2.4.1.6 Academic Performance – Subpart 1**

The following questions collect data on the academic performance of neglected and delinquent students served by Title I, Part D, Subpart 1 in reading and mathematics.

**2.4.1.6.1 Academic Performance in Reading – Subpart 1**

In the tables below, provide the unduplicated number of long-term students served by Title I, Part D, Subpart 1, who participated in reading testing. In the first table, report the number of students who tested below grade level upon entry based on their pre-test. A post-test is not required to answer this item. Then, indicate the number of students who completed both a pre-test and a post-test. In the second table, report only students who participated in both pre-and post-testing. Students should be reported in only one of the four change categories in the second table below.

Report only information on a student's most recent testing data. Students who were pre-tested prior to July 1, 2012, may be included if their post-test was administered during the reporting year. Students who were post-tested after the reporting year ended should be counted in the following year. Below the tables is an FAQ about the data collected in these tables.

<b>Performance Data (Based on most recent testing data)</b>	<b>Neglected Programs</b>	<b>Juvenile Detention</b>	<b>Juvenile Corrections</b>	<b>Adult Corrections</b>	<b>Other Programs</b>
Long-term students who tested below grade level upon entry	0	3	57	0	0
Long-term students who have complete pre- and post-test results (data)	0	3	5	0	0

Of the students reported in the second row above, indicate the number who showed:

<b>Performance Data (Based on most recent pre/post-test data)</b>	<b>Neglected Programs</b>	<b>Juvenile Detention</b>	<b>Juvenile Corrections</b>	<b>Adult Corrections</b>	<b>Other Programs</b>

**2.4.2 LEA Title I, Part D Programs and Facilities – Subpart 2**

The following questions collect data on Title I, Part D, Subpart 2 programs and facilities.

**2.4.2.1 Programs and Facilities – Subpart 2**

In the table below, provide the number of LEA Title I, Part D, Subpart 2 programs and facilities that serve neglected and delinquent students and the yearly average length of stay by program/facility type for these students. Report only the programs and facilities that received Title I, Part D, Subpart 2 funding during the reporting year. Count a facility once if it offers only one type of program. If a facility offers more than one type of program (i.e., it is a multipurpose facility), then count each of the separate programs. The total number of programs/ facilities will be automatically calculated. Below the table is an FAQ about the data collected in this table.

LEA Program/Facility Type	# Programs/Facilities	Average Length of Stay (# days)

**2.4.2.2 Students Served – Subpart 2**

In the tables below, provide the number of neglected and delinquent students served in LEA Title I, Part D, Subpart 2 programs and facilities. Report only students who received Title I, Part D, Subpart 2 services during the reporting year. In the first table, provide in row 1 the unduplicated number of students served by each program, and in row 2, the total number of students in row 1 who are long-term. In the subsequent tables, provide the number of students served by disability (IDEA), and limited English proficiency (LEP), by race/ethnicity, by sex, and by age. The total number of students by race/ethnicity, by sex, and by age will be automatically calculated.

Zero count rows were submitted in EDEN.

**FAQ on Unduplicated Count:**

*What is an unduplicated count?* An unduplicated count is one that counts students only once, even if they were admitted to a facility or program multiple times within the reporting year.

**FAQ on long-term:**

*What is long-term?* Long-term refers to students who were enrolled for at least 90 consecutive calendar days from July 1, 2012 through June 30, 2013.

**2.4.2.3.1 Transition Services in Subpart 2**

In the first row of the table below indicate whether programs/facilities receiving Subpart 2 funds within the State are able to track student outcomes after leaving the program or facility by entering Yes or No. If not, provide more information in the comment field. In the second row, provide the unduplicated count of students receiving transition services that specifically target planning for further schooling and/or employment.

Transition Services	At-Risk Programs	Neglected Programs	Juvenile Detention	Juvenile Corrections	Other Programs
Are facilities in your state able to collect data on student outcomes after exit?		Yes	Yes	Yes	
Number of students receiving transition services that address further schooling and/or employment.		193	917	1,007	

This response is limited to 4,000 characters.

**2.4.2.3.2 Academic and Vocational Outcomes While in the LEA Program/Facility or Within 90 Calendar Days After Exit**

In the table below, for each program type, first provide the unduplicated number of students who attained academic and vocational outcomes while enrolled in the LEA program/facility and next provide the unduplicated number of students who attained academic and vocational outcomes within 90 calendar days after exiting. If a student attained an outcome once in the program/facility and once during the 90 day transition period, that student may be counted once in each column separately.

### 2.4.2.6 Academic Performance – Subpart 2

The following questions collect data on the academic performance of neglected and delinquent students served by Title I, Part D, Subpart 2 in reading and mathematics.

#### 2.4.2.6.1 Academic Performance in Reading – Subpart 2

In the tables below, provide the unduplicated number of long-term students served by Title I, Part D, Subpart 2, who participated in reading testing. In the first table, report the number of students who tested below grade level upon entry based on their pre-test. A post-test is not required to answer this item. Then, indicate the number of students who completed both a pre-test and a post-test. In the second table, report only students who participated in both pre-and post-testing. Students should be reported in only one of the four change categories in the second table below. Reporting pre- and post-test data for at-risk students in the tables below is optional.

Report only information on a student's most recent testing data. Students who were pre-tested prior to July 1, 2012, may be included if their post-test was administered during the reporting year. Students who were post-tested after the reporting year ended should be counted in the following year. Below the tables is an FAQ about the data collected in these tables.

Performance Data (Based on most recent testing data)	At-Risk Programs	Neglected Programs	Juvenile Detention	Juvenile Corrections	Other Programs
Long-term students who tested below grade level upon entry	0	254	77	496	0
Long-term students who have complete pre- and post-test results (data)	0	332	72	484	0

Of the students reported in the second row above, indicate the number who showed:

Performance Data (Based on most recent pre/post-test data)	At-Risk Programs	Neglected Programs	Juvenile Detention	Juvenile Corrections	Other Programs
Negative grade level change from the pre- to post-test exams		56	9	63	
No change in grade level from the pre- to post-test exams		96	15	70	
Improvement up to one full grade level from the pre- to post-test exams		96	24	196	
Improvement of more than one full grade level from the pre- to post-test exams		84	24	155	
<b>Comments:</b> Zero count rows were submitted in EDEN.					

#### FAQ on long-term:

*What is long-term?* Long-term refers to students who were enrolled for at least 90 consecutive calendar days from July 1, 2012, through June 30, 2013.

*Is reporting pre-posttest data for at-risk programs required?* No, reporting pre-posttest data for at-risk students is no longer required, but States have the option to continue to collect and report it within the CSPR.

**2.4.2.6.2 Academic Performance in Mathematics – Subpart 2**

This section is similar to 2.4.2.6.1. The only difference is that this section collects data on mathematics performance.

<b>Performance Data (Based on most recent testing data)</b>	<b>At-Risk Programs</b>	<b>Neglected Programs</b>	<b>Juvenile Detention</b>	<b>Juvenile Corrections</b>	<b>Other Programs</b>
Long-term students who tested below grade level upon entry	0	267	81	559	0
Long-term students who have complete pre- and post-test results (data)	0	352	68	491	0

Of the students reported in the second row above, indicate the number who showed:

<b>Performance Data (Based on most recent pre/post-test data)</b>	<b>At-Risk Programs</b>	<b>Neglected Programs</b>	<b>Juvenile Detention</b>	<b>Juvenile Corrections</b>	<b>Other Programs</b>
Negative grade level change from the pre- to post-test exams		63	8	56	
No change in grade level from the pre- to post-test exams		71	17	116	
Improvement up to one full grade level from the pre- to post-test exams		118	18	174	
Improvement of more than one full grade level from the pre- to post-test exams		100	25	145	
<b>Comments:</b> Zero count rows were submitted.					

**FAQ on long-term:**

*What is long-term?* Long-term refers to students who were enrolled for at least 90 consecutive calendar days from July 1, 2012, through June 30, 2013.

*Is reporting pre/post-test data for at-risk programs required?* No, reporting pre/post-test data for at-risk students is no longer required, but States have the option to continue to collect and report it within the CSPR.

**2.7 SAFE AND DRUG FREE SCHOOLS AND COMMUNITIES ACT (TITLE IV, PART A)**

This section collects data on student behaviors under the *Safe and Drug-Free Schools and Communities Act*.

**2.7.1 Performance Measures**

In the table below, provide actual performance data.

Performance Indicator	Instrument/ Data Source	Frequency of Collection	Year of most recent collection	Targets	Actual Performance	Baseline	Year Baseline Established
				2010-11:	2010-11:		
				2011-12:	2011-12:

**2.7.3 Parent Involvement**

In the table below, provide the types of efforts your State uses to inform parents of, and include parents in, drug and violence prevention efforts. Place a check mark next to the five most common efforts underway in your State. If there are other efforts underway in your State not captured on the list, add those in the other specify section.

Yes/No	Parental Involvement Activities
<u>No Response</u>	Information dissemination on Web sites and in publications, including newsletters, guides, brochures, and "report cards" on school performance
<u>No Response</u>	Training and technical assistance to LEAs on recruiting and involving parents
<u>No Response</u>	State requirement that parents must be included on LEA advisory councils
<u>No Response</u>	State and local parent training, meetings, conferences, and workshops
<u>No Response</u>	Parent involvement in State-level advisory groups
<u>No Response</u>	Parent involvement in school-based teams or community coalitions
<u>No Response</u>	Parent surveys, focus groups, and/or other assessments of parent needs and program effectiveness
<u>No Response</u>	Media and other campaigns (Public service announcements, red ribbon campaigns, kick-off events, parenting awareness month, safe schools week, family day, etc.) to raise parental awareness of drug and alcohol or safety issues
<u>No Response</u>	Other Specify 1
<u>No Response</u>	Other Specify 2

In the space below, specify 'other' parental activities.

The response is limited to 8,000 characters.

Funds from the Safe and Drug-Free Schools and Communities Act (SDFSCA) State Grants program were not used in Minnesota during SY 2012-13.

**2.9 RURAL EDUCATION ACHIEVEMENT PROGRAM (REAP) (TITLE VI, PART B, SUBPARTS 1 AND 2)**

This section collects data on the Rural Education Achievement Program (REAP) Title VI, Part B, Subparts 1 and 2.

**2.9.2 LEA Use of Rural Low-Income Schools Program (RLIS) (Title VI, Part B, Subpart 2) Grant Funds**

In the table below, provide the number of eligible LEAs that used RLIS funds for each of the listed purposes.

<b>Purpose</b>	<b># LEAs</b>
Teacher recruitment and retention, including the use of signing bonuses and other financial incentives	0
Teacher professional development, including programs that train teachers to utilize technology to improve teaching and to train special needs teachers	3
Educational technology, including software and hardware as described in Title II, Part D	9
Parental involvement activities	0
Activities authorized under the Safe and Drug-Free Schools Program (Title IV, Part A)	0
Activities authorized under Title I, Part A	12
Activities authorized under Title III (Language instruction for LEP and immigrant students)	0
<b>Comments:</b>	

**2.9.2.1 Goals and Objectives**

In the space below, describe the progress the State has made in meeting the goals and objectives for the Rural Low-Income Schools (RLIS) Program as described in its June 2002 Consolidated State application. Provide quantitative data where available.

The response is limited to 8,000 characters.

Minnesota's Rural and Low-Income Schools have made progress using the same set of measures required for all LEAs accepting ESEA funds as measured by the Multiple Measurements Rating system (MMR).

**2.10 FUNDING TRANSFERABILITY FOR STATE AND LOCAL EDUCATIONAL AGENCIES (TITLE VI, PART A, SUBPART 2)**

**2.10.1 State Transferability of Funds**

In the table below, indicate whether the state transferred funds under the state transferability authority.

State Transferability of Funds	Yes/No
Did the State transfer funds under the State Transferability authority of Section 6123(a) during SY 2012-13?	No
Comments:	

**2.10.2 Local Educational Agency (LEA) Transferability of Funds**

In the table below, indicate the number of LEAs that notified that state that they transferred funds under the LEA transferability authority.

LEA Transferability of Funds	#
LEAs that notified the State that they were transferring funds under the LEA Transferability authority of Section 6123(b).	18
Comments:	

**2.10.2.1 LEA Funds Transfers**

In the table below, provide the total number of LEAs that transferred funds from an eligible program to another eligible program.

Program	# LEAs Transferring Funds FROM Eligible Program	# LEAs Transferring Funds TO Eligible Program
Improving Teacher Quality State Grants (Section 2121)	18	0
Educational Technology State Grants (Section 2412(a)(2)(A))	0	0
Safe and Drug-Free Schools and Communities (Section 4112(b)(1))	0	0
State Grants for Innovative Programs (Section 5112(a))	0	0
Title I, Part A, Improving Basic Programs Operated by LEAs		18

In the table below provide the total amount of FY 2012 appropriated funds transferred from and to each eligible program.

Program	Total Amount of Funds Transferred FROM Eligible Program	Total Amount of Funds Transferred TO Eligible Program
Improving Teacher Quality State Grants (Section 2121)	197,885.00	0.00

**2.11 GRADUATION RATES <sup>4</sup>**

This section collects graduation rates.

**2.11.1 Regulatory Adjusted Cohort Graduation Rates**

In the table below, provide the graduation rates calculated using the methodology that was approved as part of the State's accountability plan for the **current school year** (SY 2012-13). Below the table are FAQs about the data collected in this table.

**Note:** States are not required to report these data by the seven (7) racial/ethnic groups; instead, they are required to report these data by the major racial and ethnic groups that are identified in their Accountability Workbooks. The charts below display racial/ethnic data that has been mapped back from the major racial and ethnic groups identified in their workbooks, to the 7 racial/ethnic groups to allow for the examination of data across states.

Student Group	Graduation Rate
All Students	79.48
American Indian or Alaska Native	48.75
Asian or Pacific Islander	77.73
Asian	
Native Hawaiian or Other Pacific Islander	
Black or African American	56.98
Hispanic or Latino	58.31
White	85.00
Two or more races	
Children with disabilities ( <i>IDEA</i> )	57.85
Limited English proficient (LEP) students	58.89
Economically disadvantaged students	63.30

**FAQs on graduation rates:**

*What is the regulatory adjusted cohort graduation rate?* For complete definitions and instructions, please refer to the non-regulatory guidance, which can be found here: <http://www2.ed.gov/policy/elsec/guid/hsgrguidance.pdf>.

The response is limited to 8,000 characters.

Minnesota currently calculates graduation rates for the nine AYP groups.

<sup>4</sup> The "Asian/Pacific Islander" row in the tables below represent either the value reported by the state to the Department of Education for the major racial and ethnic group "Asian/Pacific Islander" or an aggregation of values reported by the state for the major racial and ethnic groups "Asian" and "Native Hawaiian/Other Pacific Islander or Pacific Islander" (and "Filipino" in the case of California). When the values reported in the Asian/Pacific Islander row represent the U. S. Department of Education aggregation of other values reported by the state, the detail for "Asian" and "Native Hawaiian or Other Pacific Islander" are also included in the following rows. Disaggregated reporting for the adjusted cohort graduation rate data is done according to the provisions outlined within each state's Accountability Workbook. Accordingly, not every state uses major racial and ethnic groups which enable detail of Asian American/Pacific Islander (AAPI) populations.

## 2.12 LISTS OF SCHOOLS AND DISTRICTS

This section contains data on school statuses. States with approved ESEA Flexibility requests should follow the instructions in sections 2.12.1 and 2.12.3. All other states should follow the instructions in sections 2.12.2 and 2.12.4. These tables will be generated based on data submitted to ED $\text{Facts}$  and included as part of each state's certified report; states will no longer upload their lists separately. Data will be generated into separate reports for each question listed below.

### 2.12.1 List of Schools for ESEA Flexibility States

#### 2.12.1.1 List of Reward Schools

**Instructions for States that identified reward schools<sup>6</sup> under ESEA flexibility for SY 2013-14 :** Provide the information listed in the bullets below for those schools.

- District Name
- District NCES ID Code
- School Name
- School NCES ID Code
- Whether the school met the proficiency target in reading/language arts in accordance with the State's approved ESEA flexibility request
- Whether the school met the 95 percent participation rate target for the reading/language arts assessment
- Whether the school met the proficiency target in mathematics in accordance with the State's approved ESEA flexibility request
- Whether the school met the 95 percent participation rate target for the mathematics assessment
- Whether the school met the other academic indicator for elementary/middle schools (if applicable) in accordance with the State's approved ESEA flexibility request
- Whether the school met the graduation rate goal or target for high schools (if applicable) in accordance with the State's approved ESEA flexibility request
- If applicable, State-specific status in addition to reward (e.g., grade, star, or level)
- Whether the school was identified as a high progress or high performing reward school
- Whether (yes or no) the school is a Title I school (*This information must be provided by all States.*)
- Whether (yes or no) the school was provided assistance through 1003(a).
- Whether (yes or no) the school was provided assistance through 1003(g).

The data for this question are reported through ED $\text{Facts}$  files and compiled in the EDEN030 "List of Reward Schools+ report in the ED $\text{Facts}$  Reporting System (ERS). The ED $\text{Facts}$  files and data groups used in this report are listed in the CSPR Crosswalk. The CSPR Data Key contains more detailed information on how the data are populated into the report.

Before certifying Part II of the CSPR, a state user must run the EDEN030 report in ERS and verify that the state's data are correct. The final, certified data from this report will be made publicly available alongside the state's certified CSPR PDF.

<sup>6</sup> The definition of reward schools is provided in the document titled, ESEA Flexibility. This document may be accessed on the Department's Web page at <http://www.ed.gov/esea/flexibility/documents/esea-flexibility.doc>

### 2.12.1.2 List of Priority and Focus Schools

**Instructions for States that identified priority and focus schools<sup>8</sup> under ESEA flexibility for SY 2013-14 :** Provide the information listed in the bullets below for those schools.

- District Name
- District NCES ID Code
- School Name
- School NCES ID Code
- Whether the school met the proficiency target in reading/language arts in accordance with the State's approved ESEA flexibility request
