**Attachments:** ACSC Report 2011 vs 4.pdf; 2011 PM Data Sets Dec 28 2012.pdf; 2011-2008 FFS ACSC Summary.pdf

Mark

Following comments on the draft PCG report:

1. Page 27-28 – “It does not conduct similar studies for its FFS enrollees outcomes.” This statement is incorrect, DHS does calculate both FFS ACSC and HEDIS measures. DHS has calculated FFS performance measures since at least 2004. See attached reports with 2011-2008 ACSC and FFS HEDIS measures calculated by DHS.
2. This section leads the reader to an erroneous conclusions that measures developed for the managed care delivery system (HEDIS) or for a local community provider-wide measure (ACSC) can be used to compare FFS and Managed Care. In addition, the significant difference between FFS enrollees (enrollees with special health care needs) cannot be compared to Managed care populations without significant physical disabilities. The concept of comparing FFS and Managed Care using HEDIS and ACSC performance measures is incorrect and misleading.

Robert

**Subject:** MCO Value Report Draft

Attached you will find the first draft of the Value report for managed care. Many of you helped with PCG staff on this effort. Jim asked that I forward a copy to you for comments. We will work on getting time to discuss comments. Please review and send me issues that we should address. If you have questions feel free to call me. If you will be out for several days let me know so we can get together to identify your issues early and include the impact ect. Thanks for reviewing. This is the draft as delivered without any edits.
