Dear Mr. Ehling:

In response to your April 22, 2014 data practices request and March 26, 2015 email and attached inspection notes, the Office of the Legislative Auditor has made copies of the requested documents and they are now available for your retrieval at our offices. Please check in with the receptionist and we will provide you with the documents. There will be no charge for the copies. You will note that we also have included copies of the contract work plans for the audits of the four managed care organizations.

Regarding your new, second data practices request sent to my email address, I have forwarded your letter to Jim Nobles and we are processing your request. I assume this email is the only PRM correspondence as we have not yet received a hard copy version of your request. We will advise you of a date and time when the information will be available for your inspection.

As I have previously advised both you and J.T. Haines, I remind you that James Nobles is the designated data practices authority for the Office of the Legislative Auditor. In the future, please direct all data requests either to legislative.auditor@state.mn.us or directly to James Nobles at the Office of the Legislative Auditor, Room 140, Centennial Building, 658 Cedar Street, St. Paul, MN, 55155-1603. Thank you for your cooperation.

Sincerely,
