Hello Mr. Ehling –

As for your first question, yes, I made a note on your appeal that it should be treated as having been received within the 60 day time frame. As such, it's only fair that it be placed in the order it would have been in had it been properly received. So as for question two, the answer is yes. OIP does have a portal, and it can be accessed at the following address: <http://www.justice.gov/oip/efoia-portal.html>. I believe requesters can submit and track requests and appeals through that portal. Hope that answers your questions.

Thanks,

Ken
