RE: PRM State and Federal Public Data Requests – Mining Correspondence

March 3, 2014, Saint Paul: This public notice is to provide an update regarding the status of outstanding Public Record Media (PRM) data requests related to Minnesota mining proposals -- including the PolyMet NorthMet and Twin Metals proposals -- as well as the anticipated timeline for online availability.

The Requests: On November 21, 2013, PRM submitted state and federal public data requests to the following agencies regarding new mining plans and proposals in Minnesota:

- MN Department of Natural Resources
- MN Pollution Control Agency
- US Forest Service
- US Army Corps of Engineers
- US Environmental Protection Agency
- US Department of the Interior

The requests sought both intra-agency and agency-company correspondence, created or transmitted between January 1, 2012 and November 20, 2013, regarding mining plans and proposals in Minnesota and associated land exchanges. The full text of the requests is available here:
