Subject: Need Your Input

Hello Salesforce Users –

We have revised the inquiries section of Salesforce. We now have it as a tab on the top. Fields were also added to capture key information. In order to make this most useful to you, please let me know if there are any fields you would like added. What information do you collect when someone is calling about development/business opportunities in your community?

As a quick reminder – the purpose of the inquiries section is to capture high level information from brokers, developers, or companies calling looking for opportunities in your community. This information would allow you to provide a quick report to your policy boards as to who is calling, what type of inquiries, information being requested, time frame and so forth. Again – we want this to be useful to you. **PLEASE SEND ME YOUR RECOMMENDATIONS.**

I changed the Salesforce Webinar from Monday to January 15th. There were quite a few people that were not able to attend due to the holidays.

Thank you everyone for your participation and collaboration. Have a great holiday season!

Messages and Alerts

DEED/Chamber/GMSP CRM

On December 12, 2015 from 9:00 p.m. to 9:35 p.m., scheduled maintenance will be performed in the sandbox. During this time, you may experience interruption.
