Hi Cecile,

I hope you are doing well. What are you plans this holiday season?

I recently had an informational interview with Tom Doohar. As you may recall, Tom was the former President of Education Minnesota. He has return to Minnesota and thinking about his next career plans. I have told him you would be a good connection. Some one had also given him Michael's contact information.

I have passed on your contact information with the hope you might find time to join him for coffee.

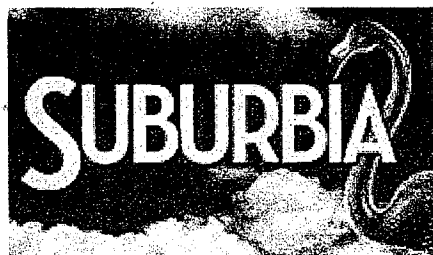

Thank you and have a wonderful holiday season.

A
