On 06/14/95 at 1500 hours, I was advised by Central Communications that there was a party in the lobby of the Anoka Police Department waiting to file a threat report.

A very short time later I met with the complainant in the lobby who identified himself as [REDACTED]. He indicated that he was a [REDACTED] for the U.S. Senatorial Office of Rod Grams. He stated that at approximately 1429 hours on this date, a male had called their office and had made threats towards Senator Gram.

[REDACTED] stated that he was advised of this by a [REDACTED] by the name of [REDACTED] who was currently on the phone with the suspect at that time. He stated that after [REDACTED] had hung the phone up, he attempted to trace the call by dialing *57. [REDACTED] stated that he was not positive if he successfully traced the call as they have three incoming lines to the Senator's Office and was unsure if he made the trace with the right line. He indicated that the line in which he had traced the number was [REDACTED].

[REDACTED] went on to state that he was advised only by [REDACTED] that the male on the other line had identified himself as [REDACTED] and that he was having some problems with a certain agency which at this time he was not familiar with the particular one. [REDACTED] stated that [REDACTED] told him that this male wanted to shoot Bill, Newt, and Rod which he took as being President Clinton, Newt Gengrich, and Senator Rod Grams.

After receiving this information from [REDACTED] I placed a phone call to the Senator's Office where I spoke with [REDACTED] [REDACTED] DOE [REDACTED] who is also [REDACTED] at the Senatorial Office for Rod Grams. [REDACTED] indicated that he did in fact receive a phone call at 1429 hours which a male who identified himself only as [REDACTED] indicated that he wished to

speak with Senator Gram. He indicated that he had prematurely taken money out of an IRA and that the IRS was keeping 10%. [REDACTED] advised me that this male had indicated to him that he had attempted to contact the IRS several times and received no response. [REDACTED] stated that this male was very upset while he was speaking with him. He stated that this male continually made the statement of "let me ask you one question, why didn't the Russians blow up this fucking country when they had the chance to." [REDACTED] stated that he repeatedly asked him this question and this [REDACTED] then stated that he was going to spit in the faces of Bill, Rod, and Newt. He stated that this problem with the IRS made him so angry that he wanted to shoot Bill, Rod, and Newt and was then going to shoot himself. [REDACTED] indicated that he had advised him that if he did live long enough he was going to spit on their graves. [REDACTED] stated that he had given them a phone number for the IRS Problem Resolution Office, [REDACTED] and then ended his conversation with [REDACTED]

He stated that [REDACTED] immediately attempted to trace the phone call as it is their policy to do so. A short time after ending my conversation with [REDACTED] [REDACTED] called me back indicating that he had just received a phone call from the Problem Resolution Office from a female by the name of [REDACTED] who had stated that this male in which he had referred to her office by the name of [REDACTED] was very threatening towards her. [REDACTED] stated that she did not go into depth as to what threats were made towards her.

After ending my conversation I cleared with no further information at this time.
