All:

Just a reminder that we will need a decision on the letter, along with signatures, by tomorrow. We can incorporate electronic signatures if that is more convenient. Otherwise, Kevin and I are available Monday afternoon at 3:00 to answer any final questions and collect signatures.

Thank you, Allison

Good afternoon:

Attached is a revised letter that incorporates some new language from Sen. Gazelka and a few minor edits from the Governor. The Governor has signed off on this letter. Please review and let me know if your member signs off. We are available to collect signatures on Monday.

DEED and Greater MSP will be putting together a draft of the final proposal over the weekend. If members are interested, Kevin and I are available Monday at 3:00 to walk through the draft final proposal. But given our short timeline, the letter must be wrapped up by Monday at the very

latest.

Thanks for all your help. If you have questions, Kevin and I are available by cell phone over the weekend.

Speaker Daudt was on the road until late last night -- will check in with him this AM.

I think it's somewhat problematic to have a letter signed by Leg. leaders with no knowledge of what is in the proposal that will be presumably attached to this letter? Is it possible to received a top level summary of the proposal?

Thanks.

Ben

Good evening:

I've attached an updated letter that incorporates the edits I have received so far. Since I have only heard from a few people, please send any remaining suggested edits by 1:00 Wednesday so we can get final sign off and start working on signatures. It is critical that we have a final signed letter by Friday.

I will be out of the office for the rest of the week but will be checking email and accessible by cell [REDACTED]. My colleague Darielle Dannen (copied here) will incorporate any remaining suggested edits and coordinate signatures. Kevin McKinnon (also copied) can answer any remaining questions on the proposal.

Thank you so much for help in finalizing the letter.
